COOLIDGE URGES FREIGHT CUT ON WHEAT AND COAL

Suggests Reduced Rate on Grain for Export and Lower Tariff on Coal for Domestic Uses.

PRESIDENT WON'T ABROGATE TREATIES

Will Follow Course of Wilson and Harding in Refusing Preferential Tariff Duties.

WASHINGTON, Oct. 16.—President Coolidge suggested today to the Senate that a freight rate reduction be put into effect by the railroads on wheat destined for export, and that railroads institute the same rate on export coal as on coal for domestic use.

The suggestions were made by the President to the Senate in a conference, and the Pennsylvania executive probably will consider them in conjunction with executives of other large railroads.

In proposing that the same rates apply on coal destined for export as on coal for domestic consumption, Mr. Coolidge directed attention to protests received from New York and New England that the railroads were carrying coal through those States to Canadian points at a lower rate than was given coal consigned to consumers and dealers in those sections.

May Help Wheat Situation. While recognizing that perhaps the lower export rate might be based on sound economic reasoning, the President told Mr. Rea, it was not, in his opinion, to promote good feeling.

With respect to reduction of the rate on wheat for export, the President said he felt that such action by the roads would be helpful in the wheat situation and would prove a wise policy for the railroads to undertake.

Although the suggestions were presented solely to Mr. Rea, the President believed that whatever action the Pennsylvania may take will be followed by the other railroads concerned in the shipment of wheat west and coal.

Won't Abrogate Trade Treaties. President Coolidge has decided to follow the course of President Wilson and President Harding in refusing to abrogate certain commercial treaties which Congress directed should be terminated in 1923.

The treaties, 30 in number, prohibit the United States from instituting preferential tariff duties on imports carried in American bottoms. A mandatory publication directed that their abrogation was contained in the 1920 Merchant Marine Act, but Mr. Wilson and Mr. Harding both informed the legislative branch of the Government that they found it impossible to comply.

The views of President Coolidge on the subject were disclosed today in connection with the presentation to the executive by Alexander R. Smith, a New York shipping man, of a bill for a 10 per cent reduction in duties on imports when carried in American vessels. The President took the suggestion under consideration, but he feels that it would directly conflict with the treaties.

Action by Congress halted. After coming to the presidency, Mr. Coolidge sought the advice of the State Department on the question of abrogating the treaties, and the department advised him that abrogation would not be practical.

The position of the department is that the entire treaty in each case would have to be abrogated, and that when new treaties were negotiated the foreign nations concerned would demand some form of preferential treatment in return for giving up to the United States the right to impose lower duties on American-carried imports.

Shipping men have long urged that the Government assist in the building of a merchant marine through the abrogation of the treaties and imposition of preferential duties. After Presidents Wilson and Harding had refused to act, Congress debated a proposal to accomplish the abrogation by direct action by the Senate and House, but this resolution never came to a vote.

Investigation Begun by Interstate Commerce Commission. The Interstate Commerce Commission was instituted today by the Interstate Commerce Commission to determine whether present laws on grain and grain products are equitable.

At the same time the commission announced its decision in the proceedings instituted by Western States to secure reduction in grain rates west of the Mississippi, declaring that on the evidence presented there was insufficient reason to justify decreases in force. The commission ordered the record in the Western States' complaints reopened, however, and the proceedings retried.

PUCCHINI SUES WHEN HIS OPERA THEME IS TURNED INTO JAZZ

Composer Alleges His Dignity Has Been Injured by Publication of Fox Trot.

MILAN, Oct. 16.—Giacomo Puccini, the composer, has brought action against the Ricordi Music Publishing Co., complaining that his dignity and artistic personality have been injured through the publication of a fox trot containing an excerpt from "Madame Butterfly."

The Ricordi company, admitting that the dance had its origin in "Madame Butterfly," says the publication was by an American branch, for the actions of which they are not responsible. They also affirm that it is the custom in the United States to base dance music on celebrated operas, pointing to a recent popular success by another company written on a theme from "Tosca," also composed by Puccini.

MRS. COOLIDGE IN THROG AT RECEIVERSHIP BARONAIN SALE

First Lady of Land Seen Going Into Store Where Frocks and Hats Are Half Price.

WASHINGTON, Oct. 16.—Among the many persons who have been attending a receivership sale in Washington, where frocks and hats have been going at half price and less, is the first lady of the land. There was much craning of necks to see the distinguished bargain hunter as Mrs. Coolidge edged her way into the crowded store.

The White House menus have undergone a striking change since the Coolidges took possession. Mr. Harding loved the good things of the table, and Mrs. Harding was always striving to anticipate his every wish. But Mr. Coolidge is a light eater, who cares little for elaborate dishes. Consequently there has been a considerable cut in the cost of the White House table.

NOT TO SHAKE COOLIDGE'S HAND

Masons Say Practice Is "Heavy and Unnecessary Burden."

WASHINGTON, Oct. 16.—Believing that visits of delegations to the White House to shake hands with the President entail a "heavy and unnecessary" burden on him, the Supreme Council, Thirty-third Degree, Ancient and Accepted Scottish Rite, Southern Jurisdiction, voted yesterday to send a formal message of greeting and loyalty to President Coolidge at the executive offices.

John H. Cowles, sovereign grand commander, reported that Scottish Rite Masons in the United States now number approximately 500,000, evenly divided between the Northern and Southern jurisdictions.

DROUTH IN SOUTH AFRICA

Rain This Month Said to Be Only Hope of Saving Cattle.

LONDON, Oct. 16.—The Daily Telegraph's Vryheid (Natal) correspondent says South Africa is suffering from a disastrous drought. From all parts of the country come stories of hardships and loss. The northern part of the Orange Free State has been swept by scorching winds, causing springs to dry up, while the hatching of locusts is taking place on an unprecedented scale. Unless rain falls this month, no cattle will be left alive in the affected sections, it is predicted.

WIDOW OF J. B. ELWELL WEDS

Murder of Her Husband Two Years Ago Never Solved.

NEW YORK, Oct. 16.—Mrs. Elsie Raymond-Elwell, widow of Joseph B. Elwell, whose murder in New York City about two years ago has never been solved, was married to Capt. P. Horatio Alveraz of St. Johns Rivers near here Sunday, it became known today.

Motor Car Comforts at Reasonable Costs

JULIUS S. WALSH DIVORCED; HEARING LASTS 13 MINUTES

10-Day Wait Waived by Court—Decree Granted on Charge Husband Was Unmindful of Welfare.

MARRIAGE TOOK PLACE IN 1905

Plaintiff Noted as Horsewoman, Having Owned Many Show Animals; Has Ridden in Exhibitions Here.

Mrs. Clara Bell Walsh today obtained a divorce from Julius S. Walsh, son of the late Julius S. Walsh, banker, about three hours after she had filed her petition, alleging intolerable indignities, and after a hearing in Judge Hogan's chambers, which lasted about 13 minutes. There was no request for alimony and there was no restoration of maiden name.

Mrs. Walsh, who is a member of a wealthy Kentucky family, and is noted as a horsewoman, filed her petition at 11 a. m. Walsh entering his appearance and making a general denial, and at 2 p. m. by previous arrangement, appeared with five witnesses, Judge Hogan's chambers in the Municipal Court's Building.

Mrs. Walsh wore a black suit, with a white collar attached, and a black fez hat with gray trimming, and carried a brown fur necktie in her hand. A string of amethysts encircled her neck.

Suit Not Contested. She testified that for 10 years her husband had shown by his language that he had no affection for her and was unmindful of her welfare and happiness. Judge Hogan explained to reporters that the rule adopted by the Circuit Judges in general cases is to decree a divorce should be granted until after a wait of 10 days had been waived because no children were involved and there was no contest.

Mrs. Walsh gave her age as 39. Asked as to her husband's position, she said he had been with the Western Railroad, but she understood he had left that employment. Walsh's resignation as industrial agent of the road, effective today, was made known in a circular distributed at the Walsh offices.

Testimony Follows Petition. Her testimony, under questioning of her attorney, Samuel Fordyce, followed closely the language of her petition. She said that, except for their residence in New York from 1909 to 1922, they had resided in St. Louis and St. Louis County. She said she and her husband had resided at Hotel Chase since last spring, their home before that having been at 4499 Lindell boulevard, where they had lived for many years. She always had treated her husband with kindness, affection and respect, Mrs. Walsh testified, but her husband was "disrespectful, unkind and blasphemous." On many occasions, she testified, he used language which showed that he no longer bore any affection for her. This conduct had existed for 10 years, Mrs. Walsh said, and had become worse in the last seven years.

Mrs. Walsh in her conduct, she testified, that he was not mindful of her welfare and happiness.

The disrespectful language was used before many of her friends and acquaintances and for that reason was very hurtful to Mrs. Walsh. In reply to a question, she said there were no children.

Character Testimony. Mrs. Elsie Brown Johnson of 1474 Westminster place, who said she had known Mrs. Walsh for eight years, testified that Mrs. Walsh's character was excellent and that she was a good housekeeper and took a wonderful interest in her home.

Mrs. Florence Runney testified that Mrs. Walsh's reputation was above reproach. She had known the petitioner for 18 years.

Late Julius S. Walsh, who was chairman of the board of directors of the Mississippi Valley Trust Co., and who died March 21, last, at the age of 80, left his estate, appraised at \$1,522,738, to his six children and to the children of Mrs. Josephine Bates, a deceased daughter, the children each receiving one-seventh of the estate. Julius S. Walsh is one of the executors.

Mrs. Walsh is known throughout the country for her interest in show horses, and has ridden her horses in many of the most important shows in the country, including many held in St. Louis. Her stables have contained many blooded animals from her native State, Kentucky.

The Walshes six months ago sold their home at 4499 Lindell boulevard and Mrs. Walsh afterward passed much time in Kentucky and New York.

When Mrs. Walsh's petition was filed at the Broadway Courthouse.

KILLS WIFE HE SHOT BY ACCIDENT; ENDS LIFE

South Carolina Man Frantic After the Mishap, His Daughter Says.

COLUMBIA, S. C., Oct. 16.—O. M. Rhodes, 63 years old, a quarry worker, and his 67-year-old wife, were found shot dead at their home in New Brookland, a Columbia suburb, early today. According to reports, she shot her husband while cleaning a gun, and then committed suicide.

According to Mrs. Sally Black, their daughter, after her mother was accidentally shot, her father rushed out into the yard of the home and attempted to kill himself, inflicting a flesh wound in the head. Apparently frantic, he re-entered the house and fired another shot into his dying wife's body, the daughter said, and then shot himself through the heart.

By Leased Wire From the New York Bureau of the Post-Dispatch.

NEW YORK, Oct. 16.—Francis Ormond French brought the manner of the drawing room to the driver's seat of a cruising taxicab yesterday. The young man, who, at 34, already has failed in love and in Wall Street, drove up in a checkered taxicab to the home of William H. Vanderbilt, his first cousin, at Fifty-eighth street and Fifth avenue, and stepped out. It was his first adventure as a chauffeur.

Five hundred Fifth avenue strollers crowded around as press photographers started work. They saw him open the taxicab door and offer a gentlemanly hand to his woman fare. The pedestrians laughed. They thought it was for the movies.

French, recently of Newport, Paris and Tuxedo Park—looked about a little bewildered. He did not realize his manner had betrayed his amateur standing.

The stock traffic policeman at Fifty-eighth street did not see the gesture that betrayed French's past. He saw only a taxicab parking in a forbidden place. He pushed through the crowd.

"What's all this?" he demanded sharply. "Why, he's Mr. Vanderbilt's cousin, who is now a taxi chauffeur," someone explained.

"Well, I'm Mrs. Ryan's nephew and he can't be blockin' my traffic," ordered the policeman. "Come on, you, get your butt around the corner if you want to take pictures."

French had lost his first brush with a traffic cop. He took the woman and two newspapermen into the Fifth-seventh street, where he posed for his picture and told again how broken by Wall Street, he had retired to a furnished room at 18 West Seventy-second street and decided to drive a taxicab back to prosperity.

He got his hackman's license yesterday and was employed by the Mogul Checker Cab Co. He hopes in a few months to save \$750, first instalment on a \$3000 car, and go into business for himself. He receives 25 per cent of his receipts in cash up to \$50, and 50 per cent of all over that. At night he gets 25 per cent up to \$50 and 50 per cent after that.

But there are the tips. His first yesterday was \$1, given by the young woman who was his first fare. The clock stood at 11:20. His first trip netted him \$1.42.

French went to work in a blue serge double-breasted suit. With his driver's hat at the Newport angle he seemed more yachtsman than a chauffeur.

HEALTH BOARD TO INVESTIGATE DOCTORS' LICENSES

Survey of Medical Colleges to Be Made as Result of Charge of Sale of a Diploma.

STATE SCHOOL SEAL IN W. P. SACHS' HOME

Dr. Robert Adcox, Under Bond After Arrest, Denies Taking a Cent From Recipient of Diploma.

Dr. E. P. North, president of the State Board of Health, and head of the State Board of Medical Examiners, announced today, after a conference with Circuit Attorney Siders, that the board would at once begin a survey of the medical colleges of the State, and would revoke any licenses to practice medicine which might prove to have been obtained fraudulently.

Dr. North's conference with the Circuit Attorney, at which another member of the State Board of Health, Dr. R. S. Vitt, was present, followed the arrests of one St. Louis physician and two in Kansas City, and the search for William F. Sachs, former dean of the defunct National University of Arts and Sciences, all alleged to have participated in the sale of a medical school diploma, conferring the degree of Doctor of Medicine, to an unqualified person.

Dr. North said the State Board had complied strictly with the law in the examination of applicants for licenses, and in maintaining professional relations with other states which have like requirements.

Skilled Technician to Be Used. "There are about 8000 physicians in Missouri," Dr. North said. "To investigate the status of them all, we need a task requiring a skilled technician, of medical knowledge, and the State Board will begin it as soon as it finds such a man."

"There are three Class A medical schools in Missouri, of which we are considering the degree of Doctor of Medicine, to an unqualified person."

Prosecuting Attorney Jones of St. Louis County was informed by a lawyer this afternoon that Sachs had been trying to get into communication with another lawyer, associated in practice with the informant, and that he would probably appear as soon as he could be sure of providing bond.

Sachs was not at his home, 602 West 12th street, University City, when he was sought there yesterday afternoon and last night. In a search of the house, made by authority of a search warrant, county police of St. Louis seized metal boxes of the State Department of Public Schools, the Washington County Board of Education, the National University of Arts and Sciences, and two of Walter College, a defunct school.

A number of blank diplomas with the heading "High School Diploma" were also found, some of them signed by Sachs, who wrote after his name the letters indicating the degree of Master of Arts.

Circuit Attorney's Plans. Circuit Attorney Siders said the grand jury would take up the matter, within a short time, unless it should appear that, because of the interstate character of the alleged traffic in diplomas, the matter was one for the Federal authorities. He said he believed others than those thus far involved would be drawn into the inquiry. The purpose of his work in co-operation with the State Board, he said, would be both of any complicity in fraud, and to cleanse the roster of physicians of those who were not qualified and lawfully entitled to practice.

Dr. Robert Adcox, 63 years old, of 4414 Delmar boulevard, is under \$5000 bond, following his arrest at his office and home yesterday afternoon, by special policemen who were accompanied by the Circuit Attorney. A number of letters and documents were taken by the Circuit Attorney, with Dr. Adcox's consent, no search warrant having been issued. The charges formally entered against Dr. Adcox were grand larceny and forgery, but they are subject to possible change as the case develops.

Soon after the arrest of Dr. Adcox, dispatches from Kansas City told of the arrest there of Dr. D. R. Alexander, dean of the Kansas City College of Medicine and Surgery, and Dr. Ralph Voigt. They are charged with having had part in the issuance of the same diploma which formed the basis for the

WILL OF JACOB L. LOOSE PROVIDES \$1,000,000 FOR KANSAS CITY CHARITIES

By the Associated Press.

KANSAS CITY, Mo., Oct. 16.—A FUND of \$1,000,000 was left for charity by Jacob L. Loose, chairman of the board of directors of the Loose-Wiles Biscuit Co., through his will, which was filed for probate today. The money is to be used in relieving personal distress and sickness among the needy in Kansas City. Loose died Sept. 18 at his summer home in Gloucester, Mass. The value of his estate was estimated by I. P. Ryland, attorney who filed the will, at \$2,000,000.

The "Jacob L. Loose million-dollar charity fund," as the will designated the bequest, he called, is to be managed by the First National Bank here. The money was left to the bank as trustee and the bulk of proceeds is to go to Mrs. Ella C. Loose, his widow, during her lifetime. At her death, the proceeds will be paid to an association, to be incorporated at the needy, which will use it to aid the needy.

U. S. WARRANT ISSUED AGAINST FRANK WEEKE

Brother of Politician and Two Other Men Held as Result of Liquor Raid at 2308 Cass Avenue.

Federal warrants charging violation of the Volstead act today were issued against Frank Weeke of 2221 Benton street, brother of "Hank" Weeke, politician, and two other men following a raid on a building in the rear of a butcher shop at 2308 Cass avenue at 2 p. m. yesterday in which a quantity of liquor was found.

The others charged were Rudolf Sefer and John Ryan, who were in the building at the time of the raid. All three gave bond of \$1000 each.

Nine officers found in the rear building one 250-gallon still, two 200-gallon stills, one 100-gallon still and one 50-gallon still; a concrete vat 10 by 8 by 7 feet and another 15 by 10 by 7 feet, containing 12,000 gallons of mash; 5 barrels of whisky, 150 empty barrels and 10,000 pounds of sugar. In the basement of the front building they found 8 barrels of mash and five 5-gallon cans of whisky.

The whisky was emptied into the sewer, the sugar was taken to the Federal Building and the stills dismantled. The barrels and mash are still there but will be destroyed.

Frank Weeke said he rented the rear building three months ago to three Italians. He had no idea who they were or where they could be found.

The police stated that the building was owned by August Weeke, 4436 Red Bud avenue, another brother of "Hank," but August said today he formerly held title to it, because Frank owed him money, but he had it back to Frank about a year ago.

FIRE LEADS TO DISCOVERY OF ELABORATE DISTILLING PLANT

Four-Story House in Brooklyn Is Equipped From Basement to Garret for Making Liquor.

By the Associated Press.

NEW YORK, Oct. 16.—Fire in a four-story house in Brooklyn today led police to a very elaborate distilling plant.

In the basement was a 50-gallon still, on the second floor a 100-gallon still, on the third another 100-gallon outfit, and on the fourth were spare parts for several more. The building, from basement to roof, was piped elaborately and had pumps, condensers, siphons and apertures. A thousand gallons of alcohol, 2500 gallons of mash, six tons of corn meal, one ton of sugar and a mahogany saloon bar were found. The garage housed two sedans.

One room, furnished, apparently had been vacated shortly before firemen arrived. In it were the clothing of a man, a woman and a boy and girl. On a table lay receipts which indicated the monthly gas bill for the stills had been \$50 to \$60, until the moonshiners tapped the main and piped around the meter.

TWO KILLED IN MANNHEIM RIOTS

Women Join in Looting Bakers' Shops and Many Towns Report Renewal of Bread Riots—Cabinet Approves Gold Bank Bill.

By the Associated Press.

BERLIN, Oct. 16.—Several thousand unemployed attempted to storm the Rathaus, or town hall, in the heart of the city this morning, but were repulsed by the police, who charged the mob with fixed bayonets.

The demonstration, which the authorities say was led by communistic agitators, completely blocked traffic in what is normally one of the most congested quarters of the city and forced numerous shops to pull down their iron shutters as a protection against looting.

One of the demonstrators who were wounded in the shooting near the Town Hall died this afternoon. The latest reports are that 20 persons were wounded through the police firing into crowds.

Among the demands made by the unemployed were a bonus of 10,000,000 marks each about \$250, free food and free fuel.

Mobs congregating in the outlying sections of the greater Berlin kept the police busy all morning.

Foods Riots Are Renewed. Renewed food riots are reported from numerous points in Germany. A serious clash occurred in Mannheim, where the police sergeant and one demonstrator were killed. Leipzig continues to be the scene of rioting and many of the shopkeepers chose to give away bread and oleomargarine in preference to having their premises looted. The police are guarding the market halls, while the most of the shops in the heart of the city either have cleared their show windows of all displays or shut down completely.

The sudden increase in the price of the four-pound loaf of bread, from 34,000,000 to 480,000,000 marks, has caused excitement and anger among the unemployed. The police are guarding the market halls, while the most of the shops in the heart of the city either have cleared their show windows of all displays or shut down completely.

More than 100 communist leaders have been arrested at Hildesheim and Elfeld, in the province of Hannover, while attempting to hold a congress of workmen's councils.

The cabinet has approved a bill granting a charter for a so-called Gold Annuity Bank, whose capital will be furnished by industry, agriculture, banking and commerce, through a compulsory hypothecation of their realty and other holdings. On the basis of such material values, the bank will be empowered to issue interest-bearing obligations or annuities computed in new currency, which has specified as "renter" or annuity mark, which will

three faltered and stumbled under
cross-examination.
Finally the questioning as to the
minutes of details became so monotonous
that one juror began to doze.
Much of the testimony was drowned
out by recurrent cheering of the
crowd in City Hall Park, receiving
news of the world series baseball
game.

Joseph A. Thornton, former janitor
at 13 East Thirty-fifth street,
said he was sure he had seen Mrs.
Stokes in the Wallace apartment;
then he was not sure, then again he
was, and finally he "might have
said that I might have been mis-
taken."

Justice Mahoney asked:
"Are you willing to swear this is
the woman you saw?"
"No, sir," replied Thornton.
Might Have Made Mistake.
But to a later query he declared
his answer untrue. He wanted to
withdraw it. He "might have made
a mistake." Other details were al-
most as hazy as his memory.

Miss Agricola Byers, a negress who
formerly was maid in the tea room
at 13 East Thirty-fifth street, said
she saw Mrs. Stokes in Wallace's
apartment "quite a number of
times," and once Mrs. Stokes was
reclining in bed. This was in 1917
or 1918.

Under cross-examination, Miss
Byers denied parts of the record of
the first Stokes trial, read to her
by Samuel Untermyer, counsel for
Mrs. Stokes. She disclaimed some
of her answers in that transcript.
Finally she resorted to "I don't re-
member."

Miss Anna McIntosh, a seamstress,
washwoman and domestic, wore a
fancy black silk dress, cut exceed-
ingly low. She flashed a broad
smile with nearly every answer.

Tells of Breakfast Party.
Miss McIntosh testified that she
worked at the Wallace apartment
and saw Mrs. Stokes there in 1914,
when she made waffles for a "break-
fast party," which included Wal-
lace and Mrs. Stokes. She "peeped"
through the door several times to get
a good look at Mrs. Stokes.

Again in 1917, she said, she saw
Mrs. Stokes come in and go into the
bedroom, where she stood talking
to Wallace. In 1914, Miss McIntosh
also said, she was a maid in the
home of Mrs. Ida Adams in East
Thirty-eighth street, when Mrs.
Stokes arrived with another woman.
The witness served them whiskey
and cigarettes, she said.

The cross-examination of Miss Mc-
Intosh was just begun when the
noise from the world's series crowd
caused a recess until today.

GOV. HYDE ASSAILS INSURANCE FIRMS FOR 'BLIND GREED'

Public Pays While Fire Com-
panies Pyramid Expenses
in Mad Scramble for Busi-
ness, Executive Asserts.

Gov. Hyde in St. Louis today issued
a statement severely criticizing
the stock fire insurance companies,
accusing them of falsification in
statements issued by their repre-
sentatives, and reiterating his pre-
vious accusation that the insurance
companies encourage fire losses. The
statement was a chapter in the Gov-
ernor's fight to obtain a 10 per cent
reduction in fire rates in Missouri.

The Governor's statement was in
the nature of a reply to C. J. Doyle
of Springfield, Ill., general attorney
for the companies, who in a recent
speech at Excelsior Springs defended
the companies and criticized the
Governor for his refusal to issue a
Fire Prevention Week proclamation.

"So-called campaigns of education
only serve to befog the issue," the
Governor said today. "Campaigns
against waste paper and oil cans will
not remove them so long as the com-
panies permit conditions which make
it profitable to maintain them."

"The Missouri Insurance Depart-
ment desires above all things that the
people of the State be afforded effi-
cient, solvent and dependable in-
surance protection. To be solvent
the companies must make a profit.
We hold, however, that their profits
should be earned from efficient and
careful underwriting and manage-
ment, and not from speculative in-
vestment of funds swollen by excess
premiums."

"The public is compelled to pay a
premium sufficient to cover ex-
penses, losses and profits. Is asking
the insurance companies that they
render a reasonable service at a
reasonable expense for a reasonable
profit, an unreasonable demand?"

Exposé Pyramiding Alleged.
Charging that expenses were pyra-
mided by the companies, the Gov-
ernor said that in "the wild
scramble" for business the com-
panies had from one to a dozen agents in
every hamlet. One company had 60
agents in St. Louis, he said.

"In this mad rush for business,"
the Governor continued, "some com-
panies in St. Louis were paying com-
missions to agents amounting in
many cases to 35 per cent of the
premiums, with an additional con-
tingent commission of from 5 per
cent to 15 per cent." The public of
this State as a whole has to pay the bill.

"So fierce was this scramble to
acquire business that cases have
come to light where one of a com-
pany's multiple agencies had re-
fused a bid risk only to find it
written by another agent of the
same company in the same town.
Thus does the insurance company
directly contribute to over-insur-
ance."

"No sane man, knowing these
facts, can fail to see that business
so obtained is expensive on the one
hand, and hazardous on the other.
Both the expense and the hazards
are reflected in the premium which
must be paid by a public interested
only in having dependable pro-
tection at a fair rate."

Falsification Charged.
The Governor referred to state-
ments by Doyle that the average
rate had decreased from \$1.10 in
1912 to \$1.04 in 1922, and asserted
that while millions of dollars of
certain classes of insurance had
been written at a low rate bringing
down the average, the fact was
that rates on dwellings and the
property of the average person had
increased two and one-half times in
10 years.

"We come to the nub of the ques-
tion," the Governor continued,
"when we analyze Attorney Doyle's
statement that 'insurance companies
have never made a profit in any
five-year period during their opera-
tions in Missouri.' Magnanimous
companies! Charitable companies!
Abused and misinterpreted public
benefactors, who have during all
these years carried the burdens of
the people of Missouri without
profit."

"With all due respect to Attorney
Doyle and the insurance companies

BANK WITH \$1,000,000 DEPOSITS CLOSED AT MITCHELL, S. D.

Institution Unable to Collect on Ex-
tensive Farm Paper Which
It Holds.

By the Associated Press.
MITCHELL, S. D., Oct. 16.—The
First National Bank and its subdi-
ary, the First Trust and Savings
Bank, with combined deposits of
more than a million dollars, were
closed today by orders of the Fed-
eral Banking Department and the
State Banking Department. The ac-
tion was made necessary because of
a depleted reserve caused by the
bank's inability to make collections
on farm paper.

that statement is false in intend-
ment and false in fact.

"Mystery Becomes Murkier."
"The average man will scratch his
head in bewilderment when told that
the 10 largest fire companies in
America, according to their sworn
statements, lost \$2,672,247 in 1920 on
their risk taking, yet paid dividends
of \$10,610,000. The mystery deep-
ens when the same companies report
underwriting losses the very next
year of \$3,504,190, and paid divi-
dends of \$11,615,000. In two years
of \$17,898,214.40. This on a capital
stock which in 1915 was \$40,-
200,000."

"The mystery becomes murkier
and darker when the figures on the
same 10 companies show that dur-
ing the five years, 1918 to 1922, af-
ter allowing them 3 per cent on the
premium for conflagration hazard,
their losses from risk underwriting
were \$5,565,064.46; yet during the
same period they paid \$54,014,000 in
cash dividends, \$11,300,000 in stock
dividends, and increased their sur-
plus from profits \$52,582,717.46, to
\$117,898,214.40. This on a capital
stock which in 1915 was \$40,-
200,000."

"A profit as shown by their own
returns of \$117,898,214.40, or in the
five-year period 293 per cent on
their initial capitalization, and
which in truth was \$29,279,198.27
greater than their return, or 356
per cent in all, is not so bad."

"Answer Lies in Bookkeeping."
"The answer lies in the system of
bookkeeping and accounting used
by the companies. By the simple
expedient of charging all their ex-
penses, and losses and deductions to
underwriting, and by claiming 3 per
cent of premiums for conflagration
hazard, and 5 per cent for under-
writing, the 10 companies show an
underwriting loss of \$56,933,378 in
the five years, and during the same
time made profits of \$147,175,915."

"During that five years they col-
lected, handled and made a profit
of \$1,105,507,781.30 in premiums. The
expense of handling this vast sum
was charged to underwriting; the
banking and investment profit, the
conflagration charge and the under-
writing charges were paid in
dividends or added to surplus."

"It is easy to see why the com-
panies fight each other with fury
to blind greed to get the pre-
miums, yet are complacent as to the
soaring losses."

Tells of Extensive Lobby.
The Governor recited the effects
of the Insurance Department leading
to the passage by the last Legisla-
ture of a bill giving the Depart-
ment power to look into the com-
panies' expenses in considering author-
ized rates, and told of the extensive
lobby the companies maintained in
Jefferson City to fight the bill.

"Every trick, every artifice, every
subterfuge, every delay, which is
known either to courts or the Leg-
islature, to law or to politics, has been
employed to prevent a department
which in a reasonable rate," the
Governor asserted.

"Careful study has convinced my

CHILD, 5, KILLED BY TRUCK ON HER WAY FROM STORE

Hurt in County.

Aurelia Mafte, 5-year-old daughter
of Mr. and Mrs. Alexander Mafte of
4525 Enright avenue, was killed at
5:45 p. m. yesterday when run over
by a truck of the Columbia Termi-
nals Co., driven by George E. Man-
ners, 40, of 7315 Wise avenue, in
front of 907 North Taylor avenue.

The girl, accompanied by her
cousin Alois Anhalt, 7, was return-
ing from a drug store at the south-
east corner of Taylor and the Hodi-
nont car tracks. Alois saw the truck
coming south and ran out of the way,
but the girl was knocked down and
was run over by the right rear wheel
of the truck.

Manners stopped within 15 feet.
He said he was driving eight miles
an hour. He was watching the boy,
who got safely across, he said, when
he suddenly saw the girl directly in
front of the left front wheel and jam-
med on the brakes. He said there
was a line of automobiles going
north on the east side of the street,
and these probably prevented his
seeing the girl in time.

The child's head was crushed.
Manners carried her into the Mis-
souri Baptist Sanitarium, near the
scene, where she was found to be
dead. Manners was held for the
Coroner.

Whisky Found in Wreckage After Touring Car Hits Truck.

Three men were seriously cut

found in the wreckage.

Daniel Cain, 1704 Papin street,
driver of the touring car, and two
passengers, H. B. Morgan, 612
Chestnut street, and Thomas Mar-
tin, 514 Converse avenue, were those
severely cut and bruised. Another
occupant of the touring car, Philip
Walton, 3416 Franklin avenue, was
slightly cut.

2125 North Fourteenth street, to
the street. They were treated at the
city hospital for cuts and bruises.

AUTO DRIVER FINED \$500 ON FELONIOUS WOUNDING CHARGE

Jury Returns Verdict in Case Involving
Injury to Daughter of Hospi-
tal Commissioner Jordan.

Frank Schumacher, 25, of 1908
Cora avenue, today was found guilty
of felonious wounding and fined \$500
by a jury in Circuit Judge Grimm's
court which heard testimony as to
the circumstances under which Miss
Eugenie Jordan, daughter of Hospi-
tal Commissioner Jordan, was run
down by Schumacher's automobile
March 19, 1922.

The accident occurred at Union
boulevard and Theodosia avenue
when Miss Jordan was waiting for
a street car. The prosecution alleged
that Schumacher was traveling at a
high rate of speed. Miss Jordan's
right leg was broken and she was
kept at home for nine months.

POLICE SERGEANT DROPPED

Benjamin F. Reeves Denies Drink-
ing, Admits Disobedience.
Sergeant Benjamin F. Reeves of the
Page Avenue Police District, a po-
liceman since 1899 and a Sergeant
since 1914, was dropped from the
force today by the Police Board on
his plea of not guilty of neglect of
duty and intoxication and guilty of
disobedience on Oct. 6, when he was
on duty from 7 a. m. to 7 p. m., as
feeling during the air races.

Testimony was that Reeves "con-
tinued in a patrolman to report for him at
7 p. m. and went to his home, 2343
Hildge avenue, where Lieut. McMul-
len called a police physician, who
said Reeves showed evidence
of drinking. Reeves was ordered to
make a report of the incident, but
did not do so. He asserted that he
remained sober until he got home.
He is 74 years old.

The red bloc against Chancellor
Stresemann and against industrial
dictatorship threatens a new out-
throw.

The trade unions, which have been
the backbone of the Socialists for
years, are likely to refuse to continue
their support. The Socialist-com-
munist government in Saxony is
winning workers to its support, and
there will be a trial of strength be-
tween the Stresemann and the
swelling Red ranks.

Workers' Discontent Increased.
Discontent among the workers is
sharpened by the impossibility of
buying bread. As the wages paid
workers are reduced weekly, the de-
valuation supplement, which is sup-
posed to make up for the interme-
diate fall in the mark, is much greater
than wages. The last price con-
cession by the Government
was that on bread, which ended yes-
terday. Immediately the price of
bread jumped 15 times higher than
the Saturday price.

The Socialist leader, Hermann
Mueller, forecasting that soon all the
Socialists will be in the communistic
ranks, explained the danger to Pres-
ident Ebert, who replied that the
State must depend upon the Reichs-
wehr to keep order. The intention
of Ebert and Stresemann in this
direction was made obvious through
developments between Berlin and
Dresden. Saxony's military commis-
sary, Gen. Mueller, ordered the Saxo-
n Red Hundredchaften disbanded. The
Saxon Premier, Seigner, refused to
do so on the ground the order was not
countermanded by the civil commissary.

Mueller sent a sharp reply that
there was no civil commissary in Sax-
ony and that all power was in his
hands.

INDEPENDENT OIL MEN SAID TO FEAR TO FIX OWN PRICES

Restrained by Standard's Pol-
icy of Meeting Reductions,
Wisconsin Attorney-Gen-
eral Says Inquiry Shows.

By the Associated Press.
CHICAGO, Oct. 16.—Attorney-
General Herman Eckern of Wiscon-
sin today made public a statement
of what had been brought about by
the Wisconsin investigation of the
petroleum industry, as yet uncom-
pleted.

About one-half the gasoline sold
in Wisconsin is sold by the Standard
Oil Co. of Indiana, he said, the re-
mainder being distributed among 200
independent dealers. Prices charged
by all in any locality are uniform,
with few exceptions, the statement
said, adding that the price is based
on the Standard tank wagon price.

The statement continued:
"The independents are restrained
from making their own prices by
fear of retaliation by the Standard,
and by a policy on the part of the
Standard of meeting the price made
in any territory. The independent
dealer, therefore, has nothing to gain
by reducing his price except a loss
of a part of his margin, because the
Standard immediately meets the re-
duction in price."

"Independents and Standard offi-
cials testified that a fair margin be-
tween the refinery delivery price and
the tank wagon price would be 2 1/2
to 4 1/2 cents a gallon. During the
year prior to the price cut in Wis-
consin the margin ranged from a lit-
tle over 4 cents to nearly 10 cents
a gallon. Since the price cut the
margin has ranged from 4 to 6
cents."

The Standard Oil Co. of Indiana,
the statement said, owns the Mid-
West Refining Co. and a half inter-
est in the Sinclair Crude Oil Produc-
ing Co.

developments between Berlin and

sary, Gen. Mueller, ordered the Saxo-
n Red Hundredchaften disbanded. The

do so on the ground the order was not
countermanded by the civil commissary.

Mueller sent a sharp reply that
there was no civil commissary in Sax-
ony and that all power was in his

Reichswehr Faces Hard Task.
Simultaneously he forbade the
Saxon and Thuringian Factory Com-
mittee convention, called for Thurs-
day. The Saxon Government refused
to consider either order effective, re-
peating that they are invalid unless
a civil commissary is appointed to
countermand them.

The Stresemann Government is
prepared to back Mueller "in main-
taining peace and order in Saxony."
If it comes to a showdown be-
tween the Reichswehr and the Saxo-
n Hundredchaften—the Saxon Red
Guards—the Reichswehr will not
find it easy to put down. Within the
last few weeks the Red Guard has
been equipped fully. All its mem-
bers carry repeating rifles and the

ARRESTED SECOND TIME IN INQUIRY INTO AUTO THEFTS

**Meinard Nollbrenner Fur-
nishes \$10,000 Bond—
Sales of Cars in Central
Missouri Involved.**

Newly discovered evidence in connection with the wholesale theft of St. Louis automobiles has resulted in the arrest of Meinard Nollbrenner, proprietor of an automobile renting business at 4651 Delmar boulevard.

Nollbrenner was arrested in July after the police had rounded up in Central Missouri towns more than 100 of the stolen automobiles, but was released at the time, the police announcing they did not have sufficient evidence against him.

Following the arrest last Saturday of James H. Boughan, Kansas City automobile dealer, one of four men indicted last week by the grand jury in connection with the theft of the cars, detectives obtained information which caused them to rearrest Nollbrenner. He furnished a \$10,000 bond to answer any charge the grand jury might prefer.

One of the four men indicted last week was a former business associate of Nollbrenner, but he has not been apprehended. He is said to have left St. Louis about the time the investigation of the auto thefts began. George H. Rousseau, a Ford dealer at Tipton, Mo., told the police he had purchased several of the stolen cars at the garage on Delmar boulevard, but he did not implicate Nollbrenner in the transactions.

Boughan, who also has been released on bond, is said to have named to the police the source from whom he got several stolen cars which were traced to innocent buyers.

WARRANTS REFUSED IN POISONED CANDY CASE

Miss Bowne and Husband of Her Step-Sister Released by Police.
Miss Ruby Bowne, 22 years old, 724 Walton avenue, and Arnold J. Saig, 22, of 2824 Lemp avenue, who were taken into custody Sunday pending investigation of the mailing of a box of poisoned candy two weeks ago to Miss Bowne at the Eldor Manufacturing Co., Thirteenth street and Lucas avenue, where she was employed, were released late yesterday.

Assistant Circuit Attorney Fish refused to issue a warrant against either upon the facts presented by police. Federal authorities also declined to institute prosecutions against them. Six girls employed with Miss Bowne were made ill by eating some of the candy. Others, including Miss Bowne, were not affected. Saig's wife is Miss Bowne's step-sister. Miss Bowne admitted yesterday that Saig had been attentive to her.

CONGRESSMAN HUMPHREYS OF MISSISSIPPI DIES SUDDENLY

Member of House for More Than 20 Years—Leader in Urging River Improvement.

By the Associated Press.
GREENVILLE, Miss., Oct. 13.—Benjamin Grubb Humphreys, for more than 20 years a member of Congress from Mississippi, died suddenly at his home here today. Death was due to heart disease.

Representative Humphreys was one of the leaders on the Democratic side of the House. He had been a leader in the work for improvement of the Mississippi River and for flood control.

The original Mississippi River flood control bill was brought out of Humphreys' committee while the Democrats were in control of the House, and the bill passed by the last House extending the work was largely a result of his efforts. Humphreys was the son of Benjamin G. Humphreys, a Confederate General, and a Governor of Mississippi. He served in the war with Spain as a Lieutenant of Volunteers.

U. S. COURT AFFIRMS JUDGMENT IN FRESE DAMAGE SUIT

State Supreme Court Had Denied Damages to Widow of Engineer Killed in Collision.

WASHINGTON, Oct. 13.—The United States Supreme Court yesterday, speaking through Justice Holmes, affirmed a judgment of the Missouri State Supreme Court denying damages to Mrs. Johanna Frese on account of the death of her husband in a railroad accident. The suit was brought against the Chicago, Burlington & Quincy Railroad, under the Federal Employers' Liability Act.

Joseph J. Frese, an engineer, was killed at an Illinois grade crossing when his train collided with a Wash engine. An Illinois statute, quoted by Justice Holmes, requires an engineer to stop 800 feet from a grade crossing and ascertain whether the way is clear before proceeding. Frese, according to the evidence, stopped less than 300 feet away. Both his view and that of the other engineer were obstructed as they approached the crossing, with the result that the trains came together.

The Supreme Court held that the Illinois statute laid an imperative duty on Frese to see that his train had a clear track and that if he had done so he would not have been killed. Alleged contributory negligence on the part of the fireman of the train, the Court ruled, did not warrant multiplying the railroad of damages when the dead man himself had been negligent.

Examinations for Nurses.—The Missouri State Board of Nurse Examiners will hold examinations Nov. 15 and 16, at 9 a. m. at the following places: In St. Louis, at the Municipal Courts Building, room 238. In Kansas City, at the Hotel Kupper.

**FORMAL CHARGES MADE
AGAINST COL. THORNTON**

Conduct Unbecoming an Officer
and Inefficiency Alleged by
About 15 Subordinates.

Formal charges of conduct unbecoming an officer and inefficiency are made against Col. Charles S. Thornton, commanding officer of the 138th Regiment, National Guard of Missouri, in a special delivery letter sent last night to Adjutant General Raupp by about 15 subordinate officers of the regiment.

As is known, a general court-martial has been convened to sit in St. Louis tomorrow to hear charges which have been preferred against four officers of the regiment who are alleged to have been guilty of insubordination. In addition Col. Thornton has requested the Adjutant General to summon a court to review to investigate his official acts as commander of the regiment.

The charges and counter-charges result from discussion in the regiment which first became publicly known about a month ago when a number of the officers signed a round robin asking the Colonel to resign. He refused and relieved three Majors of their commands. Another Major resigned.

Officers who are believed to have signed the formal charges against the Colonel, declined to discuss the matter today. They said they would not talk until after the court martial. Gen. Raupp is in St. Louis today.

Officers to be tried by court martial tomorrow are: Maj. Burr S. Goodman, Capt. Arnold J. Roemich, First-Lieutenant Robert F. Schuette and First-Lieutenant John H. Gerling.

**WANTS BRITISH MANDATE
OVER PALESTINE CARRIED OUT**

NEW YORK, Oct. 16.—A resolution by the American Jewish Congress insisting that the British mandate over Palestine be carried out, will do more towards making the Jewish national home a fact than any other possible act, Israel Zangwill, author and publicist, yesterday asserted before a luncheon audience at the session of the congress.

"England," he said, "respects United States' opinion and wants United States co-operation to restore peace. I am willing to meet a committee and draw up the resolution I suggest in order to impress the British government."

Zangwill's appearance was greeted by applause despite the fact that at a morning session of the congress a motion was passed disavowing the address he made Sunday in which he said the Jews must forego their political hopes regarding Palestine rather than "throw a match into such a powder factory as the globe has become."

Zangwill in his address yesterday,

attacked the British administration of Palestine under the mandate and said that, instead of making it a home for the Jews, it was developing Palestine for the Arabs.

STATUES OF 2 ILLINOIS GOVERNORS UNVEILED

Congressman Richard Yates Delivers Address in Memory of His Father.

By the Associated Press. SPRINGFIELD, Ill., Oct. 15.—Statues of two former Governors of Illinois, War Governor Richard Yates, and Gov. John M. Palmer, were unveiled on the State house grounds today.

Congressman Richard Yates delivered the address in memory of his father, and Circuit Judge Norman L. Jones of Carleton spoke of Gov. Palmer.

Quoting the Memoirs of Gen. Grant, Congressman Yates, said the former President credited the Illinois war Governor with discovering him, and giving him his first Civil War commission. His address was in part as follows:

"The life of Richard Yates touched many phases of human existence and activity. There was first the boyhood in the log cabin in Kentucky from 1817 to 1830 in the town of Warsaw, Gallatin County, Kentucky. Then followed student days at Miami University, at Oxford, O.; next, at Illinois College at Jacksonville, Illinois, and finally at the Law School of Transylvania University at Lexington, Ky.

"Then followed years at the bar and on the stump, six years in the legislature—he winning three elections 1844, 1846 and 1848, and later four years in the national House of Representatives at Washington, from 1851 to 1855. He was a railroad president for five years, 1855 to 1859, and then Governor from 1861 to 1864. Then the senatorial experience, 1865 to 1871 and the next two years, which were full of the peace and happiness of home.

"The vital things in his life were his service in the House of Representatives and Senate at Washington and his service as war Governor of Illinois. During his service as Congressman, he fought for the homestead bill, roads, railroads, canals and other improvements and obtained the first appropriation for an improvement of the Illinois River. He sacrificed his congressional seat by voting against the repeal of the Missouri compromise, well knowing he would be punished for being too extreme on the slavery question. His senatorial experience included the impeachment trial of President Andrew Johnson before the Senate and he voted for conviction. He supported emancipation and universal suffrage and gloried in being a radical Senator, along with Charles Sumner, Oliver P. Morton and John Sherman.

"His most brilliant service was as war Governor of Illinois. He discovered Ulysses S. Grant, appointing him assistant in the office of the Adjutant-General and then mustering officer and finally Colonel of the Twenty-first Illinois Volunteer Infantry.

"By proclamation he dissolved the Illinois Legislature in 1863, alleging that the Legislature was acting in sympathy with the Southern Confederacy. Under his supervision Illinois equipped 250,000 Union soldiers. He earned the title of the soldiers' friend because he chartered steamboats and went to every battle field and brought home thousands of wounded Illinois soldiers. He had no appropriation and paid the expenses by appeals to his friends."

Holdfast Ties

Holdfast Ties are rapidly replacing the old wasteful and laborious method of tying in the shoe factory with common twine. They are made of strong cord and are equipped with an ingenious wire fastener on one end, that makes binding at any pressure a fast and simple operation. They can be used to great advantage in the stitching room for tying uppers, in the sole leather room for bundling soles and in a great variety of ways throughout the shoe factory.

Made in various lengths and different colors for specified needs.

DENIAL U. S. HAS SENT OUT DEBT FUNDING HINTS

Government Not in Position to Move—Commission Will Meet in December.

By the Associated Press.
WASHINGTON, Oct. 16.—The American Debt Funding Commission expects to hold its next meeting early in December. It is stated officially in connection with a denial of reports that the United States Government has reiterated to its foreign debtors its readiness to engage in funding negotiations with them. Secretary Wadsworth of the commission said he knew of no move by this Government or the commission to hasten negotiations with foreign agents, all of whom were apprised upon passage of the funding act that the commission awaited proposals from foreign Powers in-
debted to the United States as a result of advances made during the war.

Reports in circulation were that, while no formal request for revival of funding negotiations had been made, fresh intimations had been forwarded through diplomatic channels to those nations which thus far have failed to send representatives to the United States to discuss funding settlement. In denying those reports, it was declared in high official quarters that this Government's present position would not permit such a move.

One official described the American Government as being in stalemate on its funding plans. All has been done, it was asserted, that can be done through the regular diplomatic channels. But the passage of more than a year since any indication has come from debtor nations, except, of course, Great Britain and Finland, has occasioned renewal of inquiries as to what will be done. Early last spring there were intimations that several of the foreign Governments, notably Italy and France, were working out programs to present to the American commission. Nothing has come from either, it was said today, and so far as the commission knows, neither Government has any definite plans.

FOUR HELD IN FLOGGING CASE

Victim Says He Was Kidnaped and Beaten by Masked and Robed Band.

PORTSMOUTH, Va., Oct. 16.—Four men are held in \$500 bond each here as a result of the flogging near here Sunday night, of Linwood P. Howard, a band of masked and robed men. Howard reported the affair to the police, saying he had been kidnaped from the home of L. B. Hogard. Howard told the police that he was carried 10 miles into the country and accused of interfering in "somebody's domestic affairs." He then was flogged and thrown out of an automobile. Mrs. Hogard, it was said, received a warning note prior to the kidnaping which was signed with a skull and cross bones and the letters "KKK."

ORDERS THROUGH GOVERNMENT

Japan Buys \$15,000,000 Worth of Steel and Lumber in U. S.

By the Associated Press.
TOKIO, Oct. 16.—The Government reconstruction board, through the Foreign Office, has placed with the United States Government an order for lumber and steel amounting to 30,000,000 yen (\$15,000,000). Home Minister Goto says other orders will be placed through the Government, if necessary, to combat profiteering.

Don't Worry About Your Weight. Let Melto Reduce It!

Where do you want to reduce? At the waist, the bust, the shoulders, the arms, the legs? With Melto Reducing Cream it is marvelously simple. Melto is rubbed on the parts you wish to reduce. Each evening for five minutes you rub lightly. Each evening you find the fat growing less and less—and soon you are as slender as you wish to be. Just think! Slenderness without the torture of body or mind—without the dreariness of strict dieting! Slenderness that comes pleasantly and effectively! Isn't it useless to reduce all over when you may want to reduce only in one or two places. That is the value of Melto—it works only where you want it to work. Reducing with Melto is as easy, as simple as washing your face. It is absolutely harmless! You should begin using Melto tonight. Ask for Melto—today. An ounce jar costs only 50c. Dizziness, Bad Dreams, Sleeplessness, Mental Depression May Mean **HIGH BLOOD PRESSURE**

You May Have It—But Don't Know It.

Norma is the name of the one successful prescription that thousands are daily taking to reduce high blood pressure to normal—often one bottle brings assurance of permanent reduction.

Used with unvarying success for many years in his private practice, and being purely vegetable and harmless, a learned Buffalo physician decided to allow it to be dispensed in pharmacies of the better class.

There is little mystery today regarding high blood pressure, yet it is a dread condition that causes constant worry to those who have it.

The most pronounced symptoms are dizzy spells, hot flashes, shortness of breath, dreams that disturb sleep, headache, nervousness and a moody feeling that something dreadful is going to happen.

Norma is for high blood pressure and nothing else, and that is why it does reduce high blood pressure, and as that condition usually prevails with women at the important change in life, many have found it the most helpful of remedies.

Wolff-Wilson, Judge & Dolph, Esq., and Johnson Drug Store sell it, and know what a wonderful medicine it is—so do druggists everywhere. If your druggist can't get it for you, it will be sent C. O. D. by mail from Norma Laboratories, Inc., Albany, N. Y.

DECREASE IN PERCENTAGE OF HOME OWNERS IN MISSOURI

State With 495 Out of Each 1000 Families, However, Above Average of 456 for Entire Country.

WASHINGTON, Oct. 13.—Missouri was one of the 31 states to show a decrease in the percentage of families owning their own homes, according to a handbook issued for prospective home buyers by the Department of Commerce. In 1929, the handbook shows the number of Missouri families owning their homes comprised 56.5 per cent, but this fell to 49.5 in 1929, a drop of one per cent.

While Missouri, with 495 home owners out of each 1000 families in 1929 had a lower average than that of her group, made up of Minnesota, Missouri, North Dakota, South Dakota, Nebraska, and Kansas, with a group average of 564 for each 1000, the tables show, she still maintained a higher average than that for the entire country with 456 out of each 1000 families.

WOMAN KILLED BY RADIO WIRE

By the Associated Press.

PARSONS, Kan., Oct. 13.—Mrs. Charles Ervin, wife of C. E. Ervin, radio station owner and electrician here, was killed instantly at her home when she used a broom, apparently wet, with which to push a radio wire from the high tension city circuit. She was alone at the time.

INQUIRY INTO CASE OF ROLLA STUDENTS WAITS ON AFFIDAVIT

Allen V. Doster, one of the three students arrested, says he will file an affidavit this week.

The case of the three Rolla students who were detained by the St. Louis police for 47 hours, in violation of the state law which prohibits the taking of students in the possession of a vehicle, has been brought to the attention of the St. Louis police by Allen V. Doster, one of the students, who has completed an affidavit, detailing the circumstances of the arrest.

Doster has informed Vasey, who is in charge of the investigation, that he will file an affidavit this week. Thompson and Claude Kemp, other students in the case, have also not to file affidavits. The affidavit will cover the entire case.

As has been told, the police, their defense on the statement, the students were being held by Federal authorities under the act prohibiting interstate transportation of automobiles because the automobile they were in when they were arrested had been tampered with. Doster, Thompson and Kemp, who were arrested for the car and contents of the car, might have easily established the fact that he and his companions were students at Rolla, as represented.

The detectives who made the arrest say they forwarded a report to the Department of

Starting Fire Engine and Timing Airplane

When a fire gong sounds any St. Louis engine is called to the General Storage Battery Co. For three Generals have been helping hurry fire engines off to life and property and it isn't on record a General has failed.

When a dependable battery was needed to help world's champion air last week, of course General was selected. Never-failing current needed, and in every of sixty-one distinct times the General lived up to the job.

What the General Storage Battery does for delicate timing devices and fire engines, it will do for automobile, every day of the year. That is because every moment is an emergency moment as far as General is concerned.

3 Reasons Why the General Is Chosen

Anchor Seal—This new departure in battery making has done away with corroded terminals.

Redwood Insulation—Resists acid as no other material can resist it, and away with internal damage.

Iron-Clad Guarantee—battery guarantee teeth in it—unlike the justness guarantee usually given to you.

EVERSHARP is matched by WAHL PEN and nothing else!

EVERSHARP is a basically correct mechanical pencil. Its construction is simple. There is no complex mechanism to get out of order. Therefore, it works perfectly. Carry two—one filled with the new colored lead.

No other pencil can give you Eversharp service—Eversharp features can't be copied. The exclusive rifled tip prevents the lead from wobbling. The automatic index tells the length of lead in the barrel. Pull off the cap, and you find an eraser; unscrew the cap, and there is a magazine well filled with lead—an ingenious arrangement.

The worthy companion of Eversharp is the all-metal Wahl Pen. It is a great fountain pen improvement. It can neither crack nor break. It will not wear out in a lifetime. And it holds considerably more ink.

Eversharp and Wahl Pen are matched in exquisite design, and are made in gold and silver. Wahl Pen, \$4 to \$10; Eversharp, \$1 to \$10—higher, of course, for solid gold. Buy both, and look for the name on each. See also the Wahl rubber pens, \$2.50 up.

Made in the U. S. A. by THE WAHL CO., Chicago

EVERSHARP matched by WAHL PEN

IMPORTANT: A good lead is no better than a bad lead. Don't use a lead that is not in your Eversharp. The Eversharp lead, which is recognized as the finest made, is sold in 25-cent and 50-cent boxes. They fit the pencil. Use them. Grades very soft to very hard. Ask for the new small-colored lead, test in the red tip line.

Allen V. Doster, One of Men Arrested, Says He Will Forward Statement This Week

The case of the three Rolla students who were detained by the St. Louis police for 47 hours, in violation of the state law which provides that police prisoners shall not be held longer than 24 hours in cases where no warrants have been issued, will be presented to the Police Board as soon as Allen V. Doster, one of the students, has completed a sworn affidavit, detailing the circumstances of the arrest.

Doster has informed Inspector Vasey, who is in charge of the police investigation, that he will forward an affidavit this week. Peter F. Thompson and Claude Kemper, the other students in the case, have decided not to file affidavits. Doster's affidavit will cover the entire matter.

As has been told, the police base their defense on the statement that the students were being held for the federal authorities under the Dyer act prohibiting interstate transportation of automobiles because the automobile they were in when arrested bore a California license and three factory numbers on the motor had been tampered with. Doster, on the other hand, displayed a bill of sale for the car and contends that the police might have easily established the fact that he and his companions were students at Rolla, as they represented.

The detectives who made the arrest say they forwarded a duplicate report to the Department of Justice.

GENERAL'S SON ARRESTED AS DESERTER FROM MARINE CORPS

By the Associated Press.
KANSAS CITY, Mo., Oct. 16.—Newcomb Smith, son of Brigadier-General Harry A. Smith, commander of the General Staff School at Fort Leavenworth, Kan., was arrested here late yesterday, charged with desertion from the Marine Corps. He was found at a charitable institution, where he had registered as Robert Walker.

Smith, a First Sergeant stationed at Paris Island, S. C., left his organization in February. He is accused of taking several Government checks and cashing them in Eastern cities.

Police assert that Smith has admitted his identity, his desertion and theft of Government checks. Young Smith was disowned by his father when he was court-martialed a few years ago for an offense against the flag, and was sentenced to serve a term in the disciplinary barracks at Fort Leavenworth.

CHANGE OF VENUE IS SOUGHT

Motion Filed When Murder Trial of Four Men Is Called.

By the Associated Press.
WARRENSBURG, Mo., Oct. 16.—A motion for a change of venue was filed when the trial of Harry Knight, Guy Knight, Chester Kerr and Frank Carry, jointly charged with murder in connection with the death of George McCormick at Holden, June 23, was called here yesterday. The application was filed on the grounds that the people of the community are so prejudiced against the defendants that a fair trial is impossible here.

The State requested that the case be sent to Henry County. The court granted the defense until Thursday to show cause why the defendants could not obtain an impartial trial in Henry County.

Will Take Off All Excess Fat
Do you know that there is a simple, harmless, effective remedy for overfatness that may be used safely and so cheaply by any man or woman who is losing the aliveness of youth? There is, and it is none other than the tablet form of the now famous Marmola Prescription Tablets. You can well expect to reduce steadily and easily without diet, through long stages of tireless exercise and starvation diet, or disgusting grease and saives. Marmola Prescription Tablets are sold by all druggists the world over at one dollar for a case, or you can secure them direct from the Marmola Co., 4612 Woodward Avenue, Detroit, Mich., on receipt of price.

For Thin Waists and Sleeveless Gowns
(Toilet Tip)
A safe, certain method for ridding the skin of ugly, hairy growths is as follows: Mix a paste with some powdered delatone and water, apply to hairy surface about 3 minutes, then rub off, wash the skin and the hairs are gone. This is entirely harmless and seldom requires repeating, but to avoid disappointment it is advisable to see that you get genuine delatone Mix fresh as wanted.

SEEKS TO OUST COUNTY ATTORNEY AT SHAWNEE, OK.

Attorney-General's Motion Charges Claude Hendon With Drunkenness and Extortion.

By the Associated Press.

SHAWNEE, Ok., Oct. 13.—Attorney-General George Shott filed a motion in District Court here yesterday seeking to oust County Attorney Claude Hendon on charges of misconduct in office.

Hendon is charged in nine counts with drunkenness, giving away liquor, attempting to impede an election and extortion of money in dismissing cases.

The case has been set for hearing before Judge Hal Johnson Oct. 25. Hendon filed a statement today in which he denied all the accusations, declaring that the charges were brought about against him on account of his recent fight against the Ku Klux Klan.

HOLDUP MEN TAKE CHAUFFEUR'S UNIFORM CAP AND TAXICAB

"We Can't Be Seen With This Thing Without a Uniform," Says One, As They Drive Off.

Two men who called a taxicab to Grand boulevard and Florissant avenue at 10 o'clock last night told the chauffeur, William Buchanan, to drive them to Natural Bridge and Goodfellow avenues, where they produced revolvers and held up Buchanan, taking \$8, his watch, pawn ticket for a ring, and the taxicab. As they were about to drive away in the machine, the robbers ordered Buchanan to doff his uniform cap, which one of them put on his head. "We can't be seen with this thing without a uniform," one of them remarked.

The cab was found at daybreak today at Carter and Taylor avenues. The uniform cap was inside.

ITCHING ECZEMA DRIED RIGHT UP WITH SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Menthosulphur, says a noted skin specialist. Because of its germ-destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Rowles Menthosulphur from any good druggist and use it like a cold cream.

During 1933 the Post-Dispatch printed 128,489 Real Estate and Farm ads—17,225 more than its nearest competitor and more than SIXTEEN TIMES as many as the TWO other St. Louis evening newspapers combined.

POLITICS AND EDUCATION MIXED AT HADLEY DINNER

Whether Central Figure
Was Being Honored as Ed-

SEVERAL HUNDRED
PERSONS AT AFFAIR

Governor and All Living
Predecessors but One at
Speakers' Table—Fund for
Needy Students Advocated

Politics, in the past tense, and
education, present and future, di-
vided the attention of the nearly 300
guests at the Hadley dinner at Hotel
Chase last night.

It was difficult for awhile to tell
whether the central figure of the
occasion was being honored as Chan-
cellor Herbert S. Hadley of Washing-
ton University, former Governor of
Missouri, or as former Governor
Hadley, now Chancellor. There could
be no doubt that the "former gov-
ernor" phase of the matter was up-
permost in the minds of the first
two speakers, former Governor Gar-
dner and Governor Hyde, for they
talked of the Governorship and of
politics.

Gardner, acting as toastmaster,
got so far into the political atmos-
phere that he began addressing his
hearers as "my countrymen." By
the time he called on Mayor Kiel,
he had just about turned the affair
into a bi-partisan love feast and
banquet exchange.

Mayor Kiel, in turn, made the mat-
ter another turn by first addressing
the guests as "Chancellor Hadley,"
and by curtailing his own references to
political matters.

And the new Chancellor, coming
next, made some gracious remarks
about his political friends of the
past, then delivered a long and in-
teresting address on the work of
Washington University, and particu-
larly on the opportunities for poor
youths to gain an education there.
After that, education predominated
over politics in the remaining
speeches, though Congressman Harry
B. Hawes could not refrain from
reminding his hearers how near Gov.
Hadley came to being Republican
nominee for President in 1912.

For Community Education Fund.
Frank O. Watts, president of the
First National Bank, made an earnest
argument in favor of a commu-
nity fund for educational aid. Sen-
ator Spencer, the last speaker, turned
the discussion back toward politics
by talking of the need for education
of the electorate, and he raised the
question of the Constitution over the
gathering. The dinner was still in
place when the audience was dis-
missed shortly before 11 p. m.

The surviving former Governors
of Missouri, except Alexander M.
Dewey, were at the speakers' table.
David R. Francis, the recently
Cabinet Minister and Ambassador to
Russia, was the dean of the group.
His term as Governor was from 1889
to 1893. Chancellor Hadley, whose
term was 20 years later, from 1909
to 1912, was next in seniority, though
Dewey had been present. Hadley
would have come before Hadley.
Dewey's term having been from 1891
to 1905. Hadley's successors
were all present, Elliott W. Major,
1913-17, Frederick D. Gardner, 1917-
21, and Gov. Hyde, whose term ex-
pires in 1925.

Chancellor Hadley's Address.
Chancellor Hadley, in his pre-
amble address, said as to the need
for help to students, and the re-
sources now provided for such help:
"Fine buildings and a strong fac-
ulty do not alone make a great uni-
versity. Earnest, serious-minded
students anxious for an education
and willing to work for it are the
greatest asset of any institution of
learning. The question today is not
so much whether too many are go-
ing to college, but whether those
who really want an education and
would be benefitted by it are secur-
ing it."

"Effective efforts have been made
years to attract to colleges and
universities brilliant students and to
make their path therein an easy
one. This work has been fairly well
developed through scholarships, and
with policy I am in entire har-
mony and hope to see it extended;
but there is another class of stu-
dents in whom I am interested—
that is the ordinary boys and girls;
the boy not brilliant but substantial,
the boy who has to work and work
hard to get along both in his living
and in his education."

"A start has already been made in
the execution of such a plan. Mr.
Jackson Johnson, of the suc-
cessful public-spirited citizens of
this community and one of the mem-
bers of the Corporation of Washing-
ton University, has created a loan
fund of \$50,000 in memory of his son,
which has been used for this pur-
pose. The interest from this fund has
during the last four years been used
to help students secure an educa-
tion. The work of securing part-time

Gov. Hyde, Mayor and Two Former Governors Engage in "Kidding" Bee

Banquet at Hotel Chase to Chancellor Hadley
Marked by Personal and Political
Persiflage of Speakers.

Political and personal persiflage at
the dinner to Chancellor Hadley, at
Hotel Chase last night, included
these bits from the various speakers:
Former Governor Gardner: When
Mayor Kiel and I were campaigning,
we met at a meeting of an organiza-
tion that we had both joined, in the
hope of getting a few more votes. I
made a talk, saying that I belonged
to many fine organizations, but con-
sidered this one the equal of any.
Kiel followed me, and said I be-
longed to the rottenest organization
on earth, namely, the Democratic
party. I replied that I was born
and brought up a Democrat. Henry
came right back at me with this one:
"If your father had been a horse
thief, would you be a horse thief,
too?" "No, no," I said, "probably
I'd just have been a Republican."

Along in 1920, when I had no more
jobs to give out, and felt my admin-
istration was slipping, I made a talk
to students at Springfield on the Gov-
ernorship, which Governor Folk used to
say was the hardest job in the
United States, except that of Presi-
dent. Mr. Hyde was in my audi-
ence. I knew he was a candidate,
but I had no idea that an "all-wise
but unscrupulous Providence" would
ever permit him to become Governor.
Probably he thought I was exagger-
ating the troubles of the Governor
then—I wonder what he thinks about
it now. This I can promise him—
that if he retires from politics some
time, and we are sure he is never
coming back again, we will give him
a banquet, too."

Praises Hadley's Administration.
When I went into office, following
Gov. Major, I found fault with Major
because he hadn't exposed the
iniquitous Republican adminis-
tration which preceded him, that of
Gov. Hadley. Major suggested to
me, I do it, as the records were still
there. I looked into the records and
found they showed that Gov. Had-
ley's administration had been clean,
wise and statesmanlike.
When I first knew Frank O.
Watts he was clerking in a drug
store in my home town in Tennessee
for \$1 a week. I was making more
than that—I got 20 cents a day. After
I watched Watts' career as a
banker first in that small town, and
later in Nashville, I said when I
heard he was coming to St. Louis,
that he would own all the banks in
the city pretty soon. And, sure
enough, he gathered up a handful
of them, and if the strong arm of
the Government hadn't intervened
he would have branch banks all
over the State pretty soon.

Hyde Sure of Some Support.
Gov. Hyde: When I started to run
for Governor I had the support of
myself and one other fellow. And
when the time limit on my job ex-
pires I expect to retire with at least
50 per cent of my original support.
When I first went to Jefferson
City I heard two of Gov. Gardner's
appointees talking over the "brutal"
Republican regime, and wondering
how long their jobs would last. One
of them said, "The Democratic party
ought to disband." "No," said the
other, "but it ought to keep out of
politics after this."

Down in Butler County a man ran
for Sheriff and got nine votes. When
he heard the returns he shook his
head and said, "People will be sorry
for this some day; I am, already."

The day of retribution and restitu-
tion always comes. Two darkies
were playing African golf last Sat-
urday night, and one of them lost
all his money. The next morning,
feeling penitent, he went to church,
and was amazed to see the winner of
his hard-earned money in the pulpit.
The preacher saw and recognized
him, and saw that the situation was
a delicate one. He looked the as-
sessment of local wealth and the many
opportunities for part-time employ-
ment offer here a better opportunity
for what they need and want than
can be found in a small college town.

such boys money for their tuition,

LLOYD GEORGE ASKS FOR U. S. AID FOR PEACE IN EUROPE

"Despairs of the Future," He
Says, "Until This Great
Land Casts Its Influence
Into Scale of Peace."

DON'T FORGET WORLD
WAR, IS HIS PLEA

Given Name of "Two Eagles"
as Member of the Sioux
Tribe—Testimonial From
Jewish Citizens.

By the Associated Press.
MINNEAPOLIS, Oct. 15.—An ap-
peal for the United States to help
Europe make peace was made here
by David Lloyd George, war-time
Premier of Great Britain, in his
first public address in this country
after concluding his tour of Canada.

Speaking before many hundreds
persons at a luncheon given yester-
day by the Minneapolis Civic and
Commerce Association, the former
Premier said:
"I am not here on any mission,
but let me say to you one thing:
that until the United States of
America, with its mighty influence,
with its great power, with the moral
command which it has in the world
because of its past, with the great
claim that you won by coming into
the war without any selfish purpose
but for a holy ideal, sending mil-
lions of your best young men across
to fight for liberty and for nothing
else—until this great land casts its
influence into the scale of peace, I
despair of the future."

Urges U. S. Not to Forget.
Referring to a statement that
Americans were doing their best to
forget the World War, he urged that
they do not forget.
"There is nothing," he said, "for
you to forget—nothing. There is
something, yes, something for you to
be proud of. You came for naught
but at the call of a great purpose and
a great ideal. It ought to be your
pride. The part you took in it is
one which is worthy of your greatest
traditions. And my last word is that
so far from forgetting this part,
trust that the United States of
America will once more, in due time,
in its own way, cast its great might
into the scales of peace."

Arriving here in the morning, he
was welcomed by huge crowds at the
station and on the way to his hotel,
while thousands crowded the streets
and greeted him with applause as he
was escorted on a sight-seeing trip
along the Mississippi River boulevard
and to other points of interest.
The welcome extended to Lloyd
George here was one for the entire
League of the United States, both
generally observed Oct. 27, both lo-
cally and nationally. Citizens are
requested to display the American
flag that day, and in some of the
sea coast towns holidays and half
holidays will be proclaimed.
It has been pointed out in a resolu-
tion passed by the Navy Post of
the American Legion that the day is
intended to give the people through-
out the country a better understand-
ing of the value of their navy, both
in peace and in war.

Ratio Not Maintained.
The present size of the navy, the
resolution recalls, is governed by
the Limitation of Arms Conference
treaty, and it is said that its ratio
has not been maintained. "The
necessity for the navy's efficient
maintenance not only as a protec-
tion against future enemy aggres-
sion, but also as a permanent guar-
antee of the dignity and prestige
of a great nation and the main-
tenance of its foreign policy," the
resolution stated.

A more universal observance of
Navy Day, sponsored by the Navy
League of the United States, will be
generally observed Oct. 27, both lo-
cally and nationally. Citizens are
requested to display the American
flag that day, and in some of the
sea coast towns holidays and half
holidays will be proclaimed.
It has been pointed out in a resolu-
tion passed by the Navy Post of
the American Legion that the day is
intended to give the people through-
out the country a better understand-
ing of the value of their navy, both
in peace and in war.

Honored by Sioux Indians.
During the luncheon Lloyd George
was made an honorary member of
the Sioux Tribe of Indians by chiefs
in full tribal costume and paint from
the Cheyenne Indian Reservation of
South Dakota, who conferred upon
him their degree of the "Eagle
feather."

Chief Brave Eagle, heading the
delegation with the assistance as in-
terpreter of Dr. Charles Eastman,
presented a testimonial to the
former Premier the name of
"Two Eagles," explaining that one
was in recognition of his achieve-
ment in war and the other in the
Lloyd George was given a pipe of
peace to smoke, while a feather of
war was placed on his head, and
a bow and arrow in his hands, and
a historic quiver filled with ar-
rows was placed in his arms. At the
same time, the Indians gave him a
belt of wampum and articles of
Indian manufacture for Dame Mar-
garet and Miss Megan Lloyd George,
who were among the spectators of
the ceremony.

Testimonial From the Jews.
Addresses in Welsh were delivered
in receiving Lloyd George to the
city, and at the luncheon Jewish citi-
zens, through Dr. Maurice Lerkovitz,
presented a testimonial on the
participation in recognition of his
services in the attempt to establish
in the Holy Land a national home
for the Jewish people.
Replying to this presentation,
Lloyd George said he hoped the
movement was the beginning of a
restoration which will leave "almost
as deep a mark upon the story of
the human race as your first occu-
pation of that holy ground."
"All my life," he continued, "I have
been interlocked in Europe in
fought against the oppressor. I have
consecrated such strength as
God has given me to fight for the
weak and for those whom I con-
sidered to be persecuted and
trampled."

Referring in his luncheon address
to his tour of Canada, Lloyd George
declared the Dominion was a vast
country with immense possibilities,

CITIZENS ASKED TO DISPLAY AMERICAN FLAGS NAVY DAY

Observance on Oct. 27 Intended to Give People
Better Understanding of Value of Fleet
Both in Peace and War.

Navy Day, sponsored by the Navy
League of the United States, will be
generally observed Oct. 27, both lo-
cally and nationally. Citizens are
requested to display the American
flag that day, and in some of the
sea coast towns holidays and half

It has been pointed out in a resolu-
tion passed by the Navy Post of
the American Legion that the day is
intended to give the people through-
out the country a better understand-
ing of the value of their navy, both
in peace and in war.

League Civilians Organization.
The Navy League is an organization
of civilians, formed in 1902 to
keep the people informed concerning
the state of preparedness and
needs of the navy. The league be-
lieves in the traditional policy of the
United States in maintaining a navy
for defensive purposes only, and in
the general interests of maintaining
and developing the standing of this
country as a maritime power.

That Great Britain and the United
States and probably France will
stand for democracy against the
wave of autocracy which is spread-
ing in Europe and the world was ex-
pressed by David Lloyd George to-
day.

Speaking at a luncheon tendered
to him by the Chicago Association
of Commerce, in the Hotel LaSalle,
the former Premier asserted that
democracy, after its great triumph
in the World War, was imperiled
through dictatorship in Europe.

"PERPETUAL TREATY" OF PEACE
Agreement With Turkey Approved by
Cabinet of Poland.
By the Associated Press.
WARSAW, Oct. 16.—The Polish
cabinet today approved a perpetual
treaty of peace with Turkey.
The term "perpetual treaty" is not
regarded as a mere phrase in Polish
official quarters, where it is recalled
that the Turkish government for a
century after the last partition of
Poland in 1815 continued to recog-
nize the government of Poland.

ALLEN "FOR MAILED FIST IN MY STATE," PINCHOT DECLARES

Executive Recalls a Less Mar-
tial Attitude on Kansan's
Part in William Allen
White Dispute.

"WE HAVE HEARD
HENRY WARBLE"

Pennsylvania Governor Re-
plies to Speech, Taking Is-
sue With His Suggestion
as to Dry Enforcement.

By the Associated Press.
HARRISBURG, Pa., Oct. 16.—The
address of Henry J. Allen, former
Governor of Kansas, in Washington
last night in which he took issue
with the suggestion of Gov. Pinchot
that the President take charge of
prohibition enforcement, today
brought a reply from the Pennsylv-
ania executive declaring the
Kansan wants him to forget there
are Federal and State courts in
Pennsylvania and that he "will not"
do this.

Allen's address was delivered at a
meeting of delegates to the Citi-
zenship Conference, to which Pinchot
presented his ideas on enforcement
in a speech on Sunday. The former
Governor of Kansas said it was
Pennsylvania's duty first to exhaust
its own resources in enforcement be-
fore "bringing the problem to the
doorstep of the White House."

"We have all heard Henry warble
before," Pinchot said. "It evidently
slipped his mind that the nation
alone can prevent smuggling or re-
lease any liquor containing alcohol
and that the eighteenth amendment
makes the nation and the states
share the responsibility for enforce-
ment."

"Henry wants me to forget that
there are Federal and State courts in
Pennsylvania, which I will not do. He
is not for the mailed fist in my State.
I seem to remember a less martial
attitude on his part when William
Allen White put a sign up in his
window and defied Henry, then Gov-
ernor of Kansas, to come and take
it down. I am very fond of Henry
and I always enjoy his talks."

"We Look With Confidence to
President," Dr. Ross.
By the Associated Press.
WASHINGTON, Oct. 16.—The na-
tion looks to President Coolidge to
assert and maintain the majesty of
the law, the Citizenship Conference
declared in a message to the Amer-
ican people approved at the closing
sessions of its three days' meeting
for discussion of ways and means of
increasing respect for the prohibi-
tion law.

"We look with confidence to the
President," the message says. "We
assure him of our support in using
every power at his command to
compel respect for constituted au-
thority."

A delegation from the conference
called on President Coolidge yester-
day. Mr. Coolidge said that what
had been done at the conference
would be of use in the conference
of Governors which he has called
for next Saturday for a considera-
tion of co-operation between Fed-
eral and State authorities in the
enforcement of prohibition, immigra-
tion, narcotic and other laws. Last
night he had a dinner guest
Fred B. Smith of New York, chair-
man of the executive committee of
the conference.

Taking direct issue with Gov.
Pinchot of Pennsylvania, on his sug-
gestion that the President personally
supervise prohibition enforcement,
Henry J. Allen, former governor of
Kansas, in an address, said he be-
lieved it the duty of the state of
Pennsylvania to "exhaust all of its
resources for the enforcement of the
Volstead act before bringing the
problem to the doorstep of the White
House."

Mr. Allen spoke at a mass meet-
ing of Methodist delegates to the con-
ference. Mr. Allen made his address
after he had had a long conference
with President Coolidge.

reargument on the single question
named.
This motion also is opposed by At-
torney-General Barrett, who con-
tends that modification of the present
reargument order would extend the
scope of the discussion beyond the
issues tried by the Missouri Supreme
Court.
Barrett says that while the State
would maintain that an office for
receiving deposits and paying checks
constitutes a bank in the meaning of
the law, yet that question is not in
issue in this case. The issue, he said,
is not whether a national bank may
operate "branch offices" in the city
in which it does business, but only
whether it may operate "branch
banks" in that city.

SAYS MRS. MARSHALL IS WOMAN INDICTED

Postal Inspector Identifies Her
as Maybelle Fleiglor, Under
Charges in West.

Mrs. Maybelle Marshall of Jack-
son, Tenn., plaintiff in a \$600,000
damage suit pending in the United
States District Court against Philip
H. Brockman, president of the
Board of Police Commissioners, and
others for an alleged false arrest,
was identified yesterday afternoon
by Postoffice Inspector Elvon L.
Jackson of Denver as Maybelle
Fleiglor, named in an indictment re-
turned two years ago at Carson City,
Nev., charging use of mails to de-
fraud.

The identification was made at a
hearing before United States Com-
missioner Atkins on an application
to remove Mrs. Marshall to the Ne-
vada district for prosecution. In-
spector Jackson said plaintiff was
known in several of the Northwest-
ern states by various names. Fol-
lowing the hearing she gave bond of
\$2500 to appear in Carson City
Feb. 1.

As is known, Mrs. Marshall was
arrested by Federal authorities Sept.
27, last, while depositions were be-
ing taken in a damage action she
had brought against Brockman in
the Circuit Court, which later was
dropped.

Inspector Jackson stated that the
basis for the 17 charges against Mrs.
Marshall in the Nevada indictment is
the purchase of many articles from
mail order houses for which she
paid with checks. She accepted the
articles when delivered and in many
cases refund checks from the mer-
cantile houses making the "sales,"
but stopped payment on her own
checks.

Otto F. Karbe, counsel for Brock-
man, gave out photographic copies
of a note purported to have been
written by Victor J. Miller, former
president of the Police Board, to
Fandolph Laughlin, an attorney, in-
demnifying the latter and John Kel-
ly, a professional bondsman, against
loss in the giving of bond for Mrs.
Marshall on the occasion of her ar-
rest by the Federal authorities. Dur-
ing the taking of depositions in the
former suit a witness testified he
had been summoned to Miller's of-
fice in connection with Mrs. Mar-
shall's suit.

The note said to have been writ-
ten by Miller read: "I agree to in-
demnify against loss by reason of
your indemnification to John Kelly
in relation to bond for Maybelle
Marshall."

Another note also photographed
is one from Laughlin to Kelly which
read: "I hereby transfer the within
indemnification to John Kelly."

COLUMBIA GRAPHOPHONE CO. GOES INTO RECEIVER'S HANDS

Friendly Action Taken to Provide for
Reorganization of Firm Under
New Name.

By the Associated Press.
NEW YORK, Oct. 16.—The
Columbia Graphophone Manufacturing
Company, one of the pioneers in
the talking machine trade, was
placed in the hands of receivers yes-
terday when an involuntary petition
in bankruptcy was filed in Federal
court in behalf of several creditors.
The action was a friendly one and
plans for the corporation's reorganiza-
tion under a new name soon will
be made public.

H. L. Wilson, president and gen-
eral manager of the company, and
James R. Sheffield were appointed
receivers by Federal Judge Hand, and
furnished a joint bond of \$100,000.
The application for receivership
listed assets at \$23,000,000 and li-
abilities at \$21,000,000.

Mortimer N. Buckner, chairman
of a committee which had been
working on a readjustment of the
company's finances since 1922, when
an effort to throw the company into
a receivership failed through dis-
missal of court application, an-
nounced that the company would
continue business as usual.

office by climbing to the roof of a
lower building at the side and en-
tering a second floor window.

At the home of Mrs. Ida Gross-
man, 2917 Sheridan avenue, bur-
glars last night stole \$195 and
checks aggregating \$49.75. Some-
times at the Russell home, 1214
North Garrison avenue, stole \$100
from the room of the matron, Mrs.
Mary G. Weyant, while she and
the others at the place were at
dinner last night.

Lila Lee's Father Indicted.
By the Associated Press.
CHICAGO, Oct. 16.—Carl Appel,
proprietor of the North Side Turner
Hall and father of Lila Lee, motion
picture actress, was indicted by the
grand jury yesterday on charges of
larceny by bailment and embezzlement.
Emory M. Rogers, the principal wit-
ness against Appel, who testified be-
fore the grand jury, charged that he
had given Appel \$10,500 in bonds to
be used as surety on a shipment of
asbestos, but that Appel had refused
to return the bonds.

WOMEN'S LABOR LAW DEFEATED

Maine Votes Against Cutting Week
From 54 to 48 Hours.

By the Associated Press.
PORTLAND, Me., Oct. 16.—De-
feat of the proposed law to reduce
the maximum working week for
women and minors from 54 to 48
hours, by a margin of 16,000 votes
was indicated today with returns
from the rural districts coming in.
Voting in the special election was
light. Only half of the normal vote
was cast in 187 cities, towns and
plantations from which returns have
been received.

The measure was sponsored by
members of labor unions and the
State branch of the American Fed-

PLAN TO BRING OGLETORPE'S BODY TO AMERICA DROPPED

Wishes of English People to Be Respected, Says Dr. Jacobs, Representing University.

By the Associated Press.
LONDON, Oct. 13.—In deference to English opinion, Dr. Thornton Jacobs has decided to withdraw the request of Ogletorpe University that the body of James E. Ogletorpe, founder of Georgia, be transferred to the proposed shrine on the campus of the university in Atlanta, Ga.

Dr. Jacobs, who represented the university in the excavation work at the grave, in announcing his decision, asked that this statement be transmitted to America:

"The purpose of our request was two-fold:

"First, that the grave of our founder, the exact location of which had actually been forgotten in England, might be made a center of instruction for our youth in the great principles upon which General Ogletorpe founded our community, this serving as a holy sanctuary of Georgia patriotism.

"The second purpose was our desire to make him and his sacred memory an eternal tie of good will between England and America.

"It is this last purpose that seems at present impossible of realization. At the first, it is already partly accomplished. We now know where Ogletorpe is buried definitely and by the gracious courtesies of the English people, Ogletorpe University will endeavor to see that his grave is forever remembered."

BODY FOUND ON BEAM IN WASHINGTON MONUMENT

Cries of Victim's 2-Year-Old Son Lead to Discovery—Woman Believed to Have Fallen.

By the Associated Press.
WASHINGTON, Oct. 13.—The body of Mrs. Dora Raum, 27, wife of a Washington grocer, was found yesterday on a beam 270 feet above the ground in the Washington Monument. Police, after an investigation, said they believed Mrs. Raum had accidentally fallen from a landing at the 400-foot level.

Accompanied by her 2-year-old son, Mrs. Raum had gone to the top of the monument and was on her way down the steps when the accident occurred. It is believed she lost her balance while leaning over the railing or attempting to keep her child from falling. Cries of the youngster led to the discovery of her body badly crushed.

ARM BROKEN IN 6-STORY FALL

Woman Suffers Only Slight Injury in Elevator Shaft Accident.

By the Associated Press.
LOS ANGELES, Oct. 13.—A broken arm was the only injury suffered by Miss Bobbie Connor, 36, when she fell six stories down a hotel air shaft, according to surgeons who examined her.

GALESBURG BANK SAFE BLOWN

By the Associated Press.
GALESBURG, Ill., Oct. 13.—The safe of the Alpha State Bank was blown early this morning. Wires were cut and as the town is isolated it has not been possible so far to determine how much the robbers obtained.

UNIVERSITY CITY SEKS TO FILE MOTION IN ZONING CASE

Chamberlain Park Improvement Association Also Supports St. Louis In Asking for Rehearing.

Special to the Post-Dispatch. JEFFERSON CITY, Oct. 16.—Additional applications for leave to file briefs in support of the motion of the city of St. Louis, filed in Supreme Court yesterday, for a rehearing of the three cases in which the St. Louis zoning ordinance was held to be invalid, were filed in the court today by attorneys for University City and the Chamberlain Park Improvement Association, of St. Louis.

When City Counselor Hald filed the motion yesterday, an application for leave to file a supporting brief was filed by attorneys for the North St. Louis Business Men's League, and a similar one was filed on behalf of Kansas City.

Hald's motion pointed out that a decisive question arising in the case, whether or not the adoption of the zoning ordinance by the board of Aldermen is within the powers granted by the St. Louis charter, had not been determined by a majority of the Supreme Court Judges.

Suggestions presented in support of the motion included a declaration that eight other States have upheld such zoning ordinances, but that no other State has ever finally declared zoning ordinances of the character in question, void as not within the police power. The opinion is declared to be in conflict with other decisions of the court, and it is said to be erroneous in holding that the power attempted to be exercised in zoning regulations is not within the charter powers.

PAROLE FOR SAM COHEN HELD UP FOR FURTHER INVESTIGATION

East St. Louis Prosecutor Told Tire Dealer Is Under Federal Indictment

The question of a parole for Sam Cohen, former East St. Louis automobile tire dealer, who is serving five years in Leavenworth prison for possession of hides stolen from an interstate shipment, is to be investigated further before action is taken, it was said today by District Attorney Potter of East St. Louis, after he had conferred with the Clerk of the East St. Louis Federal Court.

As has been told, Cohen began his prison term April 8, 1932, almost two years after he had been convicted and after efforts by politicians at Washington to save him from prison had failed. He has served 18 months of the sentence, and the Parole Board at Leavenworth recently recommended a parole for him, leaving it to District Attorney Potter to determine whether or not the parole should be granted.

Potter was not in office when Cohen was convicted, and was not familiar with the case. He has been informed by the Clerk of the Court that Cohen is under Federal indictment in St. Louis for having stolen automobiles in his possession. Potter wishes to ascertain the status of the St. Louis case and also inquire into Cohen's general character before deciding what to do.

It will be remembered that certain former city officials and policemen of East St. Louis were found to be driving stolen automobiles obtained from Cohen, and some of these with others subsequently were recovered for the owners.

URGES THE ELIMINATION OF THE "INVISIBLE EMPIRE"

Alton Minister, Head of Illinois Baptist Association, Calls It Insidious Form of Lawlessness.

OAK PARK, Ill., Oct. 16.—The necessary enlarging and intensifying the Christian Americanization work of the denomination into a constructive program, chiefly to help abolish war, eliminate the "invisible empire," further prohibition enforcement and reduce inter-racial conflict, was emphasized today by the Rev. Martin W. Twing of Alton, Ill., president of the Illinois Baptist State Convention, in his annual address before the body here today.

"An insidious and widespread form of lawlessness of today is that which proclaims itself the embodiment of a superior grade of Americanism, patriotism and morality," he said. "The evil of a certain organization consists in the fact that it proclaims itself an 'invisible empire' and arrogates to itself functions which are prerogatives of the State alone.

"The result is that individuals suffer penalties not awarded by legal authority and the tendency is to intensify race and religious prejudices highly detrimental to any attempts to apply principles of Christian citizenship.

Twing declared that those who love peace and believe in the might of right must proclaim their conviction and that there need be no more war.

ROBBERS WAIT ON CUSTOMER

One Young Man Pockets Quarter As Another Guards Gagged Druggist.

Two young men entered the R. H. Krummenacher Drug Store, 540 North Vandeventer avenue, at 8 a. m. today. At the point of revolvers they held up George Cookson, clerk, and took \$30 from his pockets and razor blades valued at \$6 from a shelf.

Cookson told police that the robbers after taking his personal funds gagged him with a towel and forced him to remain in a rear room while they unsuccessfully attempted to open a cash drawer containing \$20. A woman customer entered during the robbery, Cookson said, and made a 25-cent purchase. The smaller of the two robbers waited on her and pocketed the quarter. The robbers were frightened away by the arrival of a driver for an ice cream company.

SUNDAY SCHOOL BUS OPERATED
Take Children to and From B'nai Esh Temple.
The B'nai Esh Congregation, Spring and Flad avenues, of which Rabbi Julian H. Miller is pastor, has started a motor bus service for the convenience of all Jewish children living at a distance from the temple. The bus runs on a definite schedule, and is chaperoned by one of the Sunday-school teachers. It takes the children to the Sunday school and home again.
B'nai Esh is the first congregation in the city to adopt this method of getting children safely to and from Sunday-school sessions, and it has increased attendance at the school.

CAR REPAIRER HELD IN CASE OF MAN SLAIN AT PACIFIC, MO.

George Henderson Shot During Altercation in Railroad Yards With Monnie Norris.
A Coroner's verdict holding Monnie Norris, a car repairer, was returned by a jury at Pacific, Mo., yesterday in the death there Sunday night of George Henderson, 33 years old, of Pacific, a locomotive fireman employed by the Missouri Pacific Railroad.
Henderson was shot and killed during an altercation with Norris in the railroad yards near the station at Pacific at 5 p. m. Sunday. Henderson was wounded in the left side near the shoulder and was dead when medical aid arrived. Both men were armed and each fired several shots, witnesses said. The Coroner's verdict stated that Norris shot with intent to kill. He is in jail at Union and will be held to await action by the grand jury.
Gerhard Busher, 25, a farmer residing near Pacific, was near the two men at the time of the shooting and was wounded in the shoulder by a stray bullet. He is in a St. Louis hospital.
The funeral of Henderson, who is survived by his widow, will be tomorrow afternoon from the Baptist church to the City Cemetery. Henderson resided at Pacific for a number of years. Norris is said to have come there shortly after the shopmen's strike was called in June, 1922.

NO FUNDS FOR STENOGRAPHER; ARMY COURT-MARTIAL HALTED

Court Declines to Proceed in Case Against Retired Medical Officer.
By the Associated Press.
WASHINGTON, Oct. 16.—Lack of funds with which to pay a stenographer resulted today in adjournment of the army court-martial which had gathered to try Capt. Samuel C. Gwynne, retired medical officer, on charges growing out of the treatment of Private Guy Pendleton.
In the trial of Maj. George W. Cook on charges growing out of the same case the stenographic expenses totaled \$1700 and the Judge Advocate General's office has indicated under the budget there are no funds available for similar expenses at the trial of Capt. Gwynne. Upon hearing there would be no special stenographer today, the court declined to go further.
It was asserted by the Judge Advocate at the trial, Capt. Humphrey Biddle, and by defense attorneys, that the trial would be extremely technical and that army field clerks and regular departmental stenographers were not qualified for such work. Private Pendleton suffered the loss of his legs through amputation after he had been treated at the hospital at Fort Eustis, Va.

PUBLISHER'S WILL ATTACKED

Cousins of Delavan Smith Allege He Was Mentally Unsound.
By the Associated Press.
CHICAGO, Oct. 16.—A suit to break the will of Delavan Smith, publisher of the Indianapolis News, who died last year at his home in Lake Forest, has been filed at Waukegan, Ill., by attorneys representing 16 cousins, Smith's nearest relatives. The action was brought on the allegation that the publisher was mentally unsound when the will was made.
Smith left the bulk of his fortune to Indiana institutions and employees of his newspaper. Petitioners to break the will include Luther M. Frank, William D. and Newton Fair-

banks, Mrs. Jenny Milligan, Joseph B. Norton, William L. and Frank Ritchie, all claiming to be first cousins of the late publisher.
Waiting List at Institute for Deaf. Seventy-five children and adults are awaiting an opportunity to attend classes at the Central Institute for the Deaf, 318 South King's highway. Of these, 19 are St. Louisans. The institute has a larger enrollment than last year, though it is still unable to care for all who have applied for its specialized training. The classes in corrective speech have an enrollment of 26, those in the oral school 65, and those in lip-reading, 10. Most of the latter are more than 18 years old. Children from 3 to 5 years and up predominate in the other classes. Mrs. Jessie Goldberger, formerly of the University of Austria at Vienna, has been appointed head of the laboratory department.

"I make your bathroom shine —and save you work and time!"
Old Dutch
Bathtubs, wash-bowls, mirrors, floors and walls—everything in the bathroom takes on new radiance when Old Dutch does the work. Things are made really clean, hygienically clean, sanitary.
Cleaning is much easier, too, because Old Dutch—which Nature made in fine, flat-shaped particles—erases dirt quickly and easily. It doesn't scratch and doesn't grind in the dirt, as that increases work, injures surfaces and prevents real cleaning.
Old Dutch saves you time, too, because every particle works. A little bit, in fact, goes a long way.
For quick, thorough, easy and economical cleaning put Old Dutch to work. Millions of housekeepers know there's nothing like it.

NEW YORK, Oct. 16.—Arthur Nehf is the pitcher that went to the well once too often. That line is as old as Arthur felt after working his head off for the seven innings in his second tough assignment within four days. It is almost as old in fact as we experts felt after six days of being admired, bumped into and walked on by loving fans. And when a man feels old he can't help from writing old stuff no more than when he feels young, but the detail that the Yanks is world champs is enough new stuff for one day.

Giants fans should not ought to feel bad about losing this game.

At least the National League champs was not disgraced which they might of been if the serious had went over till today and forced Mr. McGraw to show us the rest of that pitching staff again. They would of been no chance of working Arthur Nehf another heat and the scribes to add to their troubles would of probably got cramps trying to write down the full list of those taking part in the parade from the clubhouse to the box and back.

As I walked across the field when it was all over, I noticed that the grass was covered with a substance of a peculiar gray tint that looked something like mildew. Putting some of it in my brief case, I left it with a bootlegger to be analyzed. He pronounced it to be brains, which had evidently

been spilled by Bob Meusel's single to center in the eighth inning.

Once More the Lady Fan.

Before the game I had the lukewarm pleasure of meeting Mrs. Cornelia Dorsey of Traverse City, Michigan.

For the benefit of persons of doubtful tastes who have not been reading this column, will state that Mrs. Dorsey is the lady who has stood in line in front of the general admission window for two or three years, hoping to hope that she would be able to procure one of the coveted pasteboards.

Half-witted at best, she had been further influenced by different things that happened in the first game and had spent the entire next day in her terrible seat at the Yankee Stadium though the scene of action had been transferred to the Polo Grounds.

"How do you do, Mrs. Dorsey?" was my method of approach after we had been introduced by a carriage vendor from upper Monticary. "Are you enjoying your stay in New York?"

The garbage man then beckoned me to one side or the other and indicated in so many words that Mrs. Dorsey was stone deaf and just as dumb.

I repeated my query.

"Mrs. Dorsey," I said, "are you enjoying your stay in New York?"

She turned away with a severe cold contracted during her long vigil.

I learned afterwards through doubtful friends that Mrs. Dorsey had spent the last three days in a traffic jam, having got caught facing the wrong way on a one-way street.

She decided last night not to stay over for the final game and was put on a train for the South at the request of her Michigan relatives. Mrs. Dorsey's mind is not the only one that has cracked under the strain of this serious.

Duel of Southpaws.

When George Levy, the silver-tongued announcer, told us that Nehf would start for the Giants and Penneck for the Yanks, they was a long conference in the press stand at which it was decided to call this game either a duel of southpaws or a battle of the left-handers. Some of the experts nearly came to blows holding out for other titles, showing what a high state of tension the boys has reached.

The ballplayers was barking at each other and the umpires all through the early innings, and even the kents who own stock in the rival clubs seemed to of left their usual winsome smiles at home. These gents are lovers of the great open spaces, but not when the last-named appear in the grand stand.

The ball game might of been a whole lot less close if somebody had sent word to Herbie Penneck that the Giants was hitting the first ball. He seemed to think that was against the rules and kept sticking them in there with results that can be seen on only score boards.

During the medium thrilling eighth inning, when the master minds of both sides was working at fever heat, the Giants used up so much time running back and forth to and from the bench with and without messages that Mr. Huggins finely consumed a few more minutes kicking about that. He asked for the extreme penalty, a loss of five yards, but Hank would not allow it.

As if they had not wanted enough hours this and last week the Yankees spent some more in the ninth inning trying to get their gummed-up batting order straightened out.

PLAYERS GIVE HUGGINS DIAMOND RING, AFTER CLINCHING THE TITLE

Special to the Post-Dispatch.

NEW YORK, Oct. 16.—Miller Huggins, manager of the world's champion Yankees, received a diamond ring from his victorious players after their victory over the Giants at the Polo Grounds yesterday.

Babe Ruth made the presentation speech and nearly knocked the other players off their chairs with his oration.

The ring was bought on Saturday, and the players first were going to present it to their manager at the plate before the game yesterday. But they decided to wait until they had beaten the Giants and brought the world's championship back to the American League.

"We wanted to show our appreciation for the way Huggins has handled the team this year, and so after our victory on Saturday we decided to give him a diamond ring," said one of the players. "He always has been willing to help us and too much praise cannot be given to him for winning the championship. He knows a lot of baseball and each player on the team gave their best for him this season."

Billikens Start Secret Practice For Tiger Game

Squad, Working in Public for 3 Weeks, Behind Schedule on Open and Trick Plays.

By Frank Gaffney.

The St. Louis University football coaching staff has decreed secret practice sessions with absolute secrecy for the remainder of the week of preparation for the Homecoming day struggle of the Billikens and the Missouri Tigers.

Students, faculty and common or garden followers of the Blue and White must forego their peek at their favorites in order to prevent Missouri scouts from slipping into the park.

Head Coach Dan Savage explained that the St. Louis eleven practiced in the open for three weeks and that the leaders were unable to give the squad anything but straight football plays.

This has caused the squad to be behind schedule in open and trick football and the complete lock-out was absolutely necessary if the team is to be well grounded for the Homecoming day battle.

A light scrimmage without the risky tackling feature was held yesterday at Sportman's Park. The squad appeared to be in good shape after the Illinois College game and with the exception of a few members who were excused by Coach Savage, everybody took part in some phase of the practice.

Hannegan Likely to Play.

"Bob" Hannegan the Blue and White reliance for the plunger's berth at full back, is expected to be in shape for the Missouri contest.

From the present reports of the physical advisers of the club there is every reason to believe that the injured shoulder of Frank Ramacott will be strong enough for duty against the Tigers.

As a running mate to the pair Savage hopes to use Harry McCon-

achie. "Mac" is a football player who has never received full credit for his ability. He is consistent, very speedy and apparently immune to injury. His play during the three games to date this year has been very good. McKenzie probably will take part in a portion of the game. O'Leary, McCarthy and Poo will be held in reserve.

Egler to Call Plays.

Clarence Egler will draw the assignment at quarter back. The former Billiken captain is one of the most improved performers tramping the gridiron in St. Louis this season.

His play last week against the Illinois machine was the best of his career. "Dutch" Schaefering has failed to hit his stride this campaign. He has been ailing from a slight attack of grip and has not displayed the pep of past years. He and O'Reilly will be ready to relieve Egler.

The make-up of the line is uncertain. Line Coach Rademacher has been trying out various combinations and has not disclosed his probable selection for the Missouri game. As there is a surplus of line material in the Billiken camp, there is a possibility that Rademacher will conduct an elimination scrimmage during the next four or five days.

Rademacher visited the Missouri eleven last week and watched the Ames-Tiger contest. The local scout was disappointed, however, as the condition of the field prevented Missouri from exhibiting anything but a plugging game.

The Missouri contest will be started promptly at 2:30 o'clock at Sportman's Park, Saturday. Ed Cochran of the Kansas City Athletic Club will referee. Dan Ne, former Missouri star, will umpire, and Don Henry of Kenyon College will be in charge of the line.

GILLESPIE SOCCER TEAM WINS FROM BEN MILLERS

The Gillespie (Ill.) soccer eleven Sunday gained its fourth successive victory over a St. Louis team when the Ben Millers of the Municipal League were defeated, 3 goals to 0.

Next Sunday Gillespie plays Eldorado in a first round U. S. F. A. cup game.

In the games with St. Louis teams, the Vespers, Hoovers, St. Leo and

Ben Millers, the Gillespie aggregation. One. The one point was scored by Ben counted 14 goals against only the Hoovers.

News and Comment

SPECIAL DAILY

By a Special Correspondent of the Post-Dispatch.

NEW YORK, Oct. 16.—The stock exchange undid today most of what it had gained Monday in the industrial division where railway shares were very weak. The decline in the latter came with the news that the President was bringing quiet pressure to bear upon railroad executives to reduce freight rates on coal and export wheat. This induced an urgent selling movement, starting in the northwestern railway group, and finally spreading to the industrials. Northern Pacific, Great Northern preferred and other central objects of the selling left off at bottom and the whole list was pretty much shaken.

\$15,000,000 ILLINOIS SOLDIER

BONUS BONDS ARE SOLD

By the Associated Press.

NEW YORK, Oct. 16.—Representative 23 bond houses, the Guaranty Company of New York today secured \$15,000,000 Illinois soldier bonus bonds on the first bid at \$10.07 1/2.

The bonds, which will mature in 1943, will draw 4 1/2 per cent interest.

A two-hour conference of bond houses representing the service representatives was held yesterday. Only two bids were made use by the service company and the other by the Continental Trust and Savings Bank of Chicago, representing the Government.

Gov. Small, chairman of the board, made the motion to accept the bid of the Continental Trust and Savings Bank.

The figure at which the bonds were sold gives a return of \$10.07 1/2, or \$1.81 above par.

EXTRA MERCANTILE DIVIDEND

AND MONTHLY RATE RAISED

An extra dividend of 3 per cent was declared yesterday by the Mercantile Trust Co., payable to stockholders of record Oct. 11.

Announcement also was made that the monthly dividend will be 2 per cent, the monthly dividend being 1 1/2 per cent.

Dry Goods Market Review.

NEW YORK, Oct. 16.—The dry goods market today retained the strength it gained Monday, with buying more brisk than has been the case for some time. The market was active in the department of men's and boys' wear.

The raw silk market eased off on reports that Japanese silk was arriving in New York in greater quantities and that the shipment of 1500 bales already had reached the Pacific coast. Prices were down 20 to 30 cents a pound, cantons sharing with the Japanese silk in the decline.

FINE \$100 ON CHARGE DRIVING AUTOMOBILE WHILE INTOXICATED

Edward Hunter Convicted as Result of His Car Hitting That of Dr. Al H. Bright.

A fine of \$100 on a charge of driving an automobile while intoxicated was assessed against Edward Hunter, 34 years old, of 2910 Milton avenue, a grain dealer in the Pierce Building, by a jury in Circuit Judge Falkenhainer's court today.

On April 6, Hunter drove his auto-

mobile into the rear of a car driven by Dr. Al H. Bright, 2206 Dodder street, in front of 2811 Delmar boulevard, and then proceeded to Grand boulevard. Policemen testified that when they were escorting Hunter back to the scene of the accident he fell asleep and that later a doctor at the city dispensary said Hunter appeared to have been drinking.

Hunter testified he did not recall having fallen asleep while in custody of policemen, and expressed doubt that such a thing had occurred. Dr. Bright testified his automobile was damaged about \$15.

Bond's Clothes

Bond's "Better" the Best

Bond's Overcoats are known everywhere as the best at their price—and now we are able to "better" the best by adding the most novel and practical feature to our Overcoats—a muffler made right in your Overcoat—a regular part of the garment, ready at a moment's notice, yet folded back out of sight when not in use. Please remember this extra convenience does not cost you one cent—it's just part of Bond's regular service to give our patrons the most of the best for the least at all times.

Bond's to You—From Bond's Own Tailor Plant

Please keep in mind the fact that we are manufacturers—who sell direct. Here you are not expected to pay enough to make up road salesman's commissions, retailers' profit and expenses and losses from bad accounts—all you pay for at Bond's is clothes! That's why we believe you save from \$10 to \$20 when you buy at Bond's.

Bond's Two-Pants Suits

Thousands and thousands of men are cutting their clothes bill in half by buying their clothes the Bond way—the two-pants-suit way. The extra pair doubles the wear.

A THRILL FOR NEW YORK, BUT OLD STUFF FOR ST. LOUIS

Lieut. Johnson of the Army lands in Riverside Drive in front of Grant's Tomb on his second attempt, the first having resulted in the smashing of the machine. His feat resembles Sperry's on Lindell boulevard and King's highway during the St. Louis Air Meet.

LLOYD GEORGE AS A GOLFER

Has a real follow-through, as is shown by this photograph made in Montreal a few days ago.
—International Photograph.

A THRILL FOR NEW YORK, BUT OLD STUFF FOR ST. LOUIS

Lieut. Johnson of the Army lands in Riverside Drive in front of Grant's Tomb on his second attempt, the first having resulted in the smashing of the machine. His feat resembles Sperry's on Lindell boulevard and King's highway during the St. Louis Air Meet.
—Pacific & Atlantic Photograph.

NEW STREET LIGHTS FOR ST. LOUIS

Drawing of the type of pole and lantern to be installed in the downtown district of the city-wide system of electric street lights, provided under the \$8,000,000 street lighting bond issue voted last February. The lantern will be equipped with an electric lamp varying from 1000 to 1500 candlepower.

In the residence districts the same type of lantern will be used, mounted on ornamental concrete standards of red granite color. The lantern was designed by Ralf Toensfeldt, electrical engineer in the Department of Public Utilities.

IF YOU CAN WEAR IT, IT'S YOURS

Its maker, Mike Loofolsky, says it is the largest shoe in the world. It is size No. 106, according to regular scale, being 39 inches long, 17 inches high and 11 inches wide. Loofolsky, who is visiting his parents at 1311 Leffingwell avenue, made the shoe during idle time while in business recently in Tennessee. He says he hopes to make its mate some day.

WEALTHY NEW YORK GIRL AUTOMOBILIST ACCUSED OF MANSLAUGHTER

Miss Paula Murray, socially prominent in New York and Newport, in Coroner's Court in New York, where she is held for the grand jury after a machine driven by her had killed an 8-year-old boy.
—Pacific & Atlantic Photograph.

A POPULAR AUTHOR ON PLEASURE BENT

Wallace Irwin at Virginia Hot Springs, with his wife, for the early fall social season.
—International Photograph.

WOMAN HEADS BRITISH LABOR COUNCIL

Miss Margaret Bondfield, to whom her fellow Unionists have voted an honor hitherto withheld from her sex.
—International Photograph.

ABLES FOR THE FAIR

By Marguerite Mooers Marshall

Woman come to judgment, yea, a woman!
And these are some of the judgments passed on her:
A solon in Brooklyn's Supreme Court
tells her she has to live where her husband lives—
family shall dwell.
"It is the wife's duty to live with him."
Oh, very well!
At least, that lets out every apartment-hunting wife.
She can stay comfortably at home.
And tell her t. b. m. spouse—no matter what time he
returns from the office—
"Go to it, darling! You have all the evening before
you."
It is your right to determine where the family shall
live.
The list of possibilities from the Sunday paper.
You look, but, if you want us to move,
you have to get a move on!"
A Philadelphia bootleggeress
charged with the illegal possession and sale of liquor,
tells the court, "If it please Your Honor,
I am a husband!"
This is a very old way
of saying it, madam," assents the jurist—
words to that effect—
re, quarter and core
finds the plea all-sufficient.
as if the average American husband
get away with the old English common law,
"exercise over his wife a coercion to commit a crime
which she could not resist!"
to see him try!" balefully mutters Everywife.
A Circuit Judge in Muskegon, Mich.,
all the responsibility in the wife's name
says that if she allows her husband to sell or manufacture liquor
in their home
must suffer the same penalty as he.
know from experience," declares the Bench,
that no married man can violate the law unless his wife consents
in such cases.
Nursery Pudding.
Take a cupful and a half
of rice and beat with
a spoonful of butter and
a half of fresh
cream. Butter a deep baking
dish and pour in the rice and ap-
ples. To a cupful of rich
cream, add a half salt
cream, a quarter cupful
of sugar, a quarter cupful
of vanilla, and a
teaspoonful of nutmeg, and
beat white of an egg.
Pour over the pudding and
bake about a half hour.
Apple Sauce Fritters.
Make a good fritter batter
of flour, a teaspoonful
of baking powder, a saltspoon-
ful of sugar, two beaten eggs and
a rich milk. Beat until
smooth, then whip in a
cup of dry apple sauce.
Dip the fritters in hot fat and, after
they are browned, dust them with pow-
der and serve them in a
basket. Apple fritters are a
very easy way of using
up the apple sauce.
Baked Apples With
Wash and core as many
apples as you need, peel small
ones and draw through the
cores, trimming them off
the sides, lay the apples in a
dish, dust with sugar and
cinnamon; pour over them
a little piece of butter
and a little water, and
bake until the apples are
soft and the sauce is
thick. Some of the
apples are good enough to be
eaten as they are.
Coddled Apples.
Wash, halve and core
apples, fill the cores
with a generous lump of but-
ter, work to a paste.
Place in an earthen dish
and pour over
a cupful of each of honey and
lemon.

volcanic eruption, it was natural
that human life should be held very
cheap. And some authorities be-
lieve that cannibalism, which is
only now disappearing from the
Solomons, grew out of the neces-
sity for food when the survi-
vors found themselves shut in from
the sea by lava walls, with all other
animal life and all plant food
buried under hot lava.
The most extraordinary of the
cannibal feasts used to take place
when the men of a tribe dedicated
a village clubhouse, called the
"Tambu House." In the erection
and dedication of this clubhouse
the utmost skill was used. It was
and is the highest type of archi-
tecture of which the natives are
capable. For not only does the
tambu house serve as a meeting
place for the men, but it is a house
in which are placed the dried
bodies of dead chiefs.
The front of the tambu house is
where the men of the village and
strangers come to meet each other
and talk over the news of the So-
lomon Island world. And if a stran-
ger wishes to sleep inside the house
he can do so without fear. Even
his bitterest enemy will leave him
unmolested, so sacred is this
house.
Like other men's clubs the world
over, the tambu house of the So-
lomons is taboo to women. Were a
woman to enter its sacred precincts
the chances are she would pay for
her daring with her life.

Children's Bedtime-Story ::

By Thornton W. Burgess

Love is fearless, taking heed
Only at the loved one's need.
—Old Mother Nature.

All day the wounded young Bob
White crouched in a clump of weeds
on the Green Meadows. It was a
clear, bright day, but the weeds
shaded him from the sun. All day
Mrs. Bob White remained with him.
Her mother heart ached for him.
He himself felt too ill to think at
all, and so he did not worry. But
his mother knew what the dangers
were, and she grew more and more
anxious. She looked forward with
dread to the coming of the Black
Shadows and night. She knew that
during the day there was little to
fear down there on the Green
Meadows from Reddy Fox or Gran-
ny Fox or Old Man Coyote. Hidden
as they were under the weeds she
was not afraid of being found by
any of the Hawk family. But, with
the coming of the Black Shadows
all would be changed. Then Reddy
Fox and Granny Fox and Old Man
Coyote and Jimmy Skunk might
come prowling around at anytime.
Then, too, Hooty the Owl would be
out hunting.
"If only I could get him over to
the dear Old Briar-patch," Mrs. Bob
White kept thinking. Every once
in a while she would coax young
Bob White to try to walk. But he
felt too badly. He felt so badly
that he wouldn't even eat. She
stole away from him two or three
times to get him some food, but he
refused the most tempting tid-bits.
Once in the afternoon she dis-
covered Black Pussy the Cat prowling
about not far away. She knew that
if Black Pussy should discover
young Bob it would be the end of
him. There would be no escape.
So Mrs. Bob White at once flew
over and dropped down in the grass
just a little way in front of Black
Pussy. She pretended not to have
seen Black Pussy at all. At once
Black Pussy began to creep slowly
and softly as only Black Pussy can
straight toward where she had seen

wings, leaving Black Pussy staring
after her with such an astonished
look on her face. Mrs. Bob White
flew in quite another direction
from where the young Bob White
was in case Black Pussy should try
to follow her. Then when she felt
it was safe to do so she turned and
buried straight back to the poor,
wounded, young Bob White.

NOTES ABOUT
WOMEN

Miss Margaret Clarke of Louis-
ville, Ky., has been appointed a
clerk in the American foreign ser-
vice and will immediately take up
her duties at Tangier, Morocco.
Miss Margaret Fawcett, daughter
of the veteran actor, George Faw-
cett, has been engaged to direct and
manage a theater in Lynchburg,
Va.
Mrs. William G. McAtee, wife of
the former Secretary of the Treas-
ury and daughter of former Presi-
dent Wilson, is an ardent boxing
fan.

Fashion Frills

Woolen fabrics, very soft to the
touch, and resembling chamois in
appearance, are the newest ma-
terials for suits. They look excep-
tionally well when trimmed with the
inevitable touch of fur.
A recent fashion show at the Sa-
voy, London, proved two things—
that high collars are coming in
again and that the small turban
toque is smart for evening wear.
There is something of a recur-
rence of the uneven hem line no-
ticeable in Paris on the boulevards.
Many afternoon costumes are lower
on one side than on the other, es-
pecially where bias flounces or long
sash ends are employed.
From the most elaborate of shoe
buckles, the Parisienne has turned
now to the most conservative. Many
of the new dress shoes have the
finest motif in brilliants instead of
a buckle or other ornament.

Three-Minute Journeys

AMONG the most picturesque
of the South Sea Islands is
a group whose precise loca-
tion and exact ownership, only one
of the newest maps will show. This
is known as the British Solomons.
They are about five hundred miles
from the British Solomons extend
along the tropical waters, vary-
ing in size from one hundred miles
each, and are separated by thirty miles wide to
belets only large enough to be
at low water. Some of the
Solomon Islands rise into moun-
tains perhaps ten thousand feet
high. All these mountains show
evidence of volcanic origin and
most of the islands, themselves,
plainly disclose latent volcanic en-
ergy biding its time.
When men first began to live on
these islands, volcanic manifesta-
tions probably were far more com-
mon than they are today. Perhaps
this is the reason that there sprang
into being strange beliefs about
God and the necessity of propitiat-
ing the devils that lived in the vol-
canos.

be snuffed out at any hour by a

from Hot Springs, Ark.

Three generations of St. Louisans
have used it for health

Mountain Valley Water has been successfully used for the re-
lief of serious diseases of the organs of assimilation and elimi-
nation for over three generations. Its fame has been passed on
from one generation to the next of St. Louis families, who have
used it not only for the relief of these diseases, but also in the
prevention of them.
Their experience with that of physicians who prescribe it, has
confirmed the reputation of Mountain Valley Water and its use
in the treatment of Bright's Disease, Diabetes, High Blood Pres-
sure, Rheumatism, Neuritis, stomach, liver, kidney and bladder
ailments.
To have stood the test of these many years is a worthy recom-
mendation, that should commend Mountain Valley Water to your
consideration, as an adjunct to health or for the relief of some
disease for which it is indicated.
Pleasant-tasting and delicious. We deliver in the city and
suburbs. Call Lindell 2781 or 1847 for further information.

BALLYARD RIPPINGS.

WHAT makes you look so pale, so pale?"

Said Rooter-on-Parade.

"I missed out on the series kale,"

The Center Fielder said.

"You seem to have the pennant blues,"

Said Rooter-on-Parade.

"You can't expect me to enthuse,"

The Center Fielder said.

"For the players in the series split a most prodigious sum; And from the banquet table I will not receive a crumb, As the Yankees and the Giants have monopolized the plum, And they'll split a wad of jack tomorrow morning."

TOO TRUE!

The Yanks and Giants will split the biggest melon on record this year. Verily, the melancholy days are come for the boys that fell outside the money.

Even the Reds and Tigers, as runners-up, will receive quite a generous slice and there will be a little of the red stuff left on the rind for the third placers.

The White Sox and Cubs raise their own melons, not depending on the New York product.

While not as large as that of their Eastern rivals it is all theirs and no outsiders can cut in on it.

A "one-handed" auto driver was arrested for narrowly missing a traffic cop. On the other hand there was a lady claiming part of his attention.

Whenever Babe Ruth makes a home run or two it means ten of fifteen thousand customers the following day. They do like to see Babe bust 'em.

"Asserts That Cup of Coffee Costs Less Than 8 Cents." Indicating that the well and unfavorably known "overhead" was not figured in.

By the time a cup of coffee has percolated through the various

channels of graft it is quoted at 10 and 15 cents a throw.

See where the farmers are in favor of a cut in rail rates. Spiking the report that they would put up a bitter fight against any such move.

Everybody except the railroads are in favor of cheaper rates. And they probably have some reason for not being enthusiastic about it.

FAIR ENOUGH.

A former official executioner in France who has been sentenced to die requests that he be allowed to erect the guillotine for his own execution. As it will be his last job he wants to make it a good one.

"Six Million Pounds Paid for Three London Papers." Indicating that their editorials carry some weight.

A third interest in a condensed milk company recently sold for \$5,520,000. Evidently no watered stock there.

Name the three greatest Cases in history? Casey Jones, Casey Stengel and Casey at the bat.
